GRANT OPPORTUNITIES

DIVISION I (See also “All College” listings, as they may apply to your interests)

- National Endowment for the Humanities - Fellowships. For more information, visit https://www.neh.gov/grants/research/fellowships. Deadline: April 12, 2017

- MacDowell Colony - Fellowship. For more information, visit http://macdowellcolony.org/apply-appguidelines.html. Deadlines: April 15, 2017; September 15, 2017

- Bogliasco Foundation - Bogliasco Fellowship Program. For more information, visit http://www.bfny.org/en/apply. Deadline: April 15, 2017

- National Endowment for the Humanities - Humanities Access Grants. These grants help support capacity building for humanities programs that benefit one or more of the following groups: children, family, and young adults (defined to include those between ages 18 and 30). Humanities Access grants provide funding for existing programs at institutions such as public libraries, local and regional museums, historical societies, community colleges, four-year colleges and universities, archival repositories, and other cultural organizations. For more information, visit https://www.neh.gov/grants/challenge/humanities-access-grants. Deadline: May 3, 2017

- National Science Foundation - Antarctic Artists and Writers Program. For more information, visit http://www.nsf.gov/pubs/2016/nsf16542/nsf16542.htm. Deadlines: June 1, 2017; June 1, 2018

- National Science Foundation - Linguistics. For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5408. Deadlines: July 17, 2017; January 16, 2018

- Kimmel Harding Nelson Center for the Arts - Residency Program. For more information, visit http://www.khncenterforthearts.org/application_process.php. Deadline: September 1, 2017

- John Simon Guggenheim Memorial Foundation - Fellowship. For more information, visit http://www.gf.org/about/fellowship/. Deadline: September 19, 2017

- Schuylkill Center for Environmental Education - Artist-in-Residence. For more information, visit http://www.schuylkillcenter.org/departments/art/opportunities/artist_guidelines.html. Deadline: not provided

Division II (See also “All College” listings, as they may apply to your interests)

- Spencer Foundation - Areas of Inquiry - Small Grant Proposals. Since it was established in 1971, the Spencer Foundation has sought to support high-quality, innovative research with the potential to improve education. In pursuing that goal, they have always had broad ideas about the questions such research might ask, the methods it might use, and the ways in which it might be supported. The Foundation currently accepts proposals for small research grants, with a budget limit of $50,000. Small grant proposals covering any topic that falls within Spencer’s mission can be submitted through the general small grants program. For more information, visit [http://www.spencer.org/small-research-grants](http://www.spencer.org/small-research-grants). Deadlines: May 1, 2017; August 1, 2017; November 1, 2017

- Society for the Psychological Study of Social Issues - Grants-In-Aid Program. The SPSSI Committee on Grants-in-Aid (GIA) wishes to support scientific research in social problem areas related to the basic interests and goals of SPSSI and particularly those that are not likely to receive support from traditional sources. The Committee especially encourages proposals involving unique and timely research opportunities; underrepresented institutions, graduate students, and junior scholars; volunteer research teams; and actual, not pilot, projects. For more information, visit [http://www.spssi.org/index.cfm?fuseaction=page.viewpage&pageid=730](http://www.spssi.org/index.cfm?fuseaction=page.viewpage&pageid=730). Deadlines: May 15, 2017; October 15, 2017

- American Sociological Association - Fund for the Advancement of the Discipline. For more information, visit [http://www.asanet.org/funding/fad.cfm](http://www.asanet.org/funding/fad.cfm). Deadlines: June 15, 2017; December 15, 2017

- National Science Foundation - Faculty Early Career Development Program (CAREER). This program offers the NSF’s most prestigious awards in support of early-career faculty who have the potential to serve as academic role models in research and education and to lead advances in the mission of their department or organization. Activities pursued by early-career faculty should build a firm foundation for a lifetime of leadership in integrating education and research. For more information, visit [https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=503214](https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=503214). • National Science Foundation - Dear Colleague Letter: Robust and Reliable Research in the Social, Behavioral, and Economic Sciences. To enhance the robustness and reliability of fundamental research in the social, behavioral, and economic sciences, SBE invites the submission of proposals for the following types of projects to its standing programs:
  o Research to determine the extent of, causes of, or remedies for research in the social, behavioral, and economic sciences that is neither replicable, reproducible, nor generalizable;
  o Methodological development to improve the robustness/reliability of research in the social, behavioral, and economic sciences (e.g., improvements in study design, data-sharing techniques, analytic techniques);
  o Outreach/training/workshops designed to enhance the robustness and reliability of research in the social, behavioral, and economic sciences, including increasing acceptability of explicit research in this area; and
  o Reproductions, replications, or generalizations of seminal or pivotal studies that have served a demonstrably critical role in conceptual or empirical progress in the social, behavioral, and economic sciences, including generalizations that demonstrate validity in atypical or nontraditional populations and samples. Reproduction, replication, or generalization projects require clear justification of the fundamental role of the seminal or pivotal studies in the scientific advance of social, behavioral, or economic sciences.
Investigators interested in this opportunity should submit proposals to the most relevant SBE program and designate the proposal as being related to robust and reliable science by including “RR:” at the beginning of the proposal title. SBE’s programs are described on the following websites:
  o Division of Social and Economic Sciences: http://www.nsf.gov/funding/programs.jsp?org=SES; and

• Dear Colleague Letter (DCL) 17-031: Request for Information on Future Needs for Advanced Cyberinfrastructure to Support Science and Engineering Research (NSF CI 2030). The National Science Foundation has launched an effort to refresh the Foundation’s vision and strategy for advanced cyberinfrastructure. Through this Request for Information, NSF invites contributions from the whole science, engineering, education, and CI research community to inform this planning effort. NSF seeks input on scientific challenges, associated cyberinfrastructure needs, and bold forward-looking ideas to advance science and engineering frontiers over the next decade and beyond. The NSF DCL points to an external submission website. Please note that the deadline for submissions is April 5, 2017 5:00 PM ET. For more information, visit https://www.nsf.gov/pubs/2017/nsf17031/nsf17031.jsp.

• National Science Foundation - Dear Colleague Letter: Life STEM. Through this DCL, NSF invites eligible organizations to submit research proposals that create, implement, and evaluate models of intervention that will advance the knowledge base for establishing and retaining underrepresented minorities in STEM fields with particular attention to life science and the biosciences. Proposals should partner eligible organizations with local elementary, middle or high schools to foster collaborative relationships between K-12 science educators and the research community. The activities may occur in formal and/or informal settings. Proposals may address science topics and activities related to curriculum development, teacher support, and student engagement. Proposals should describe effective methods to disseminate findings broadly to the K-16 science education community. For more information, visit https://www.nsf.gov/pubs/2016/nsf16143/nsf16143.jsp?WT.mc_id=USNSF_25&WT.mc_ev=click. This DCL is expected to be in effect from October 1, 2016, to September 30, 2017. All proposals should be submitted in accordance with NSF’s PAPPG and individual program solicitation deadlines listed in this letter.

• National Science Foundation - Petascale Computing Resource Allocations. In 2013, a new NSF-funded petascale computing system, Blue Waters, was deployed at the University of Illinois at Urbana-Champaign. The goal of this project and system is to open up new possibilities in science and engineering by providing computational capability that makes it possible for investigators to tackle much larger and more complex research challenges across a wide spectrum of domains. The purpose of this solicitation is to invite research groups to submit requests for allocations of resources on the Blue Waters system. Proposers must show compelling science or engineering challenges that require petascale computing resources. Proposers must also be prepared to demonstrate that they have science or engineering research problems that require and can effectively exploit the petascale computing capabilities offered by Blue Waters. Proposals from or including junior researchers are encouraged, as one of the goals of this solicitation is to build a community capable of using petascale computing. Deadline: April 26, 2017

• **Spencer Foundation - Areas of Inquiry - Small Grant Proposals.** Since it was established in 1971, the Spencer Foundation has sought to support high-quality, innovative research with the potential to improve education. In pursuing that goal, they have always had broad ideas about the questions such research might ask, the methods it might use, and the ways in which it might be supported. The Foundation currently accepts proposals for small research grants, with a budget limit of $50,000. Small grant proposals covering any topic that falls within Spencer’s mission can be submitted through the general small grants program. For more information, visit [http://www.spencer.org/small-research-grants](http://www.spencer.org/small-research-grants). Deadlines: May 1, 2017; August 1, 2017; November 1, 2017

• **National Science Foundation- Tomorrow’s Internet Project Office (TIPOFF).** In order to leverage, advance and strengthen its investments in mid-scale computing research infrastructure, the NSF’s Directorate for Computer and Information Science and Engineering will support the work of TIPOFF. Working closely with the U.S. academic and industrial computer networking research community, TIPOFF will provide leadership and administrative oversight in developing, deploying and operating innovative mid-scale computing research infrastructure to meet evolving research community needs and align with emerging national priorities. To initiate this activity, TIPOFF will assume
responsibility for the operation and future evolution of the Global Environment for Network Innovations (GENI) platform. TIPOFF will then lead the research community in developing an expanded and enriched experimental platform (“Platform”) that leverages the existing GENI infrastructure to support exploration of robust new networking and distributed systems architectures, services and applications. This Platform will serve as a virtual laboratory for research and education, with the goal of advancing understanding of computing and communication systems and sustaining U.S. technology leadership and competitiveness in information technology and Internet-based services. For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505384. Deadline: May 2, 2017

- **National Endowment for the Humanities - Humanities Access Grants.** These grants help support capacity building for humanities programs that benefit one or more of the following groups: children, family, and young adults (defined to include those between ages 18 and 30). Humanities Access grants provide funding for existing programs at institutions such as public libraries, local and regional museums, historical societies, community colleges, four-year colleges and universities, archival repositories, and other cultural organizations. For more information, visit https://www.neh.gov/grants/challenge/humanities-access-grants. Deadline: May 3, 2017

- **National Socio-Environmental Synthesis Center - Sabbatical & Research Fellowships.** Sabbatical Fellowships (2-12 months) support social, environmental, or cyberinfrastructure research activities that will advance the mission of SESYNC. For more information, visit http://www.sesync.org/sabbatical-and-research-fellowships. Deadlines: May 15, 2017; October 15, 2017

- **Council for the International Exchange of Scholars - 2018-2019 Fulbright Scholar Program.** For other eligibility requirements and detailed award descriptions visit our website at http://www.cies.org/us_scholars/us_awards/ or contact scholars@iie.org. Deadline (for most awards): August 1, 2017
  - **If I already had a Fulbright, can I get another one?**
    - Restrictions regarding previous Fulbright experiences have been lifted by the J. William Fulbright Foreign Scholarship Board. The board reiterated its strong preference for Fulbright Scholar opportunities to be given to candidates who have not previously received a Fulbright Scholar grant, as stipulated in section 624.2 of the Fulbright Program Policies.

- **National Science Foundation - Research Experiences for Undergraduates.** The REU Sites program is based on independent proposals to initiate and conduct projects that engage a number of students in research. REU Sites may be based in a single discipline or academic department, or on interdisciplinary or multi-department research opportunities with a coherent intellectual theme. Proposals with an international dimension are welcome. For more information, visit http://www.nsf.gov/pubs/2013/nsf13542/nsf13542.htm. Deadlines: August 23, 2017

- **National Science Foundation - Robert Noyce Teacher Scholarship Program.** This program seeks to encourage talented science, technology, engineering, and mathematics majors and professionals to become K-12 STEM teachers. The program invites creative and innovative proposals that address the critical need for recruiting and preparing highly effective K-12 STEM teachers, especially in high-need local educational agencies. For more information, visit http://www.nsf.gov/pubs/2016/nsf16559/nsf16559.htm. Deadlines: September 5, 2017; September 4, 2018

- **National Science Foundation - Documenting Endangered Languages – Data, Infrastructure and Computational Methods.** This funding partnership between the NSF and the National Endowment for the Humanities supports projects to develop and advance knowledge concerning endangered human languages. For more information, visit https://www.nsf.gov/pubs/2016/nsf16576/nsf16576.htm. Deadlines: September 15, 2017; September 15, 2018

- **National Science Foundation - NSF Scholarships in Science, Technology, Engineering, and Mathematics Program (S-STEM).** A well-educated STEM workforce is a significant contributor to maintaining the competitiveness of the U.S. in the global economy. The NSF S-STEM program addresses the need for a high quality STEM workforce in STEM disciplines supported by the program and for the increased success of low-income academically talented students with demonstrated financial need who are pursuing associate, baccalaureate, or graduate degrees in STEM. For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5257&WT.mc_id=USNSF_43&WT.mc_ev=click. Deadline: March 28, 2018

• Carnegie Corporation of New York - Urban and Higher Education – Pathways to Education. The Carnegie Corporation of New York’s Urban and Higher Education Program’s goals are centered on creating pathways to educational and economic opportunity by generating systemic change across a K-16 continuum, with particular emphasis on secondary and higher education. The Carnegie Corporation works to enable many more students, including historically underserved populations, to achieve academic success. Grantees help all students perform with the high levels of creative, scientific, and technical knowledge and skill needed to compete in a global economy and exercise leadership. For more information, visit http://carnegie.org/grants/grantseekers/how-to-apply/. Deadline: Letters of inquiry accepted on rolling basis

• Humboldt Foundation - Humboldt Research Fellowship for Experienced Researchers. This opportunity is for researchers with above average qualifications, having completed the doctorate less than 12 years ago, already having their own research profile, and are working at least at the level of Assistant Professor or Junior Research Group Leader or have a record of several years of independent academic work. For more information, visit http://www.humboldt-foundation.de/web/1710.html. Deadline: Rolling

• Council for the International Exchange of Scholars - Fulbright Specialist Program. This program is designed to provide short-term academic opportunities (two to six weeks) for U.S. faculty and professionals. Shorter grant lengths give Specialists greater flexibility to pursue a grant that works best with their current academic or professional commitments. For more information, visit http://www.cies.org/Specialists/. Deadline: Rolling

• National Geographic Society - Committee for Research and Exploration Grant. This opportunity awards grants for scientific field research and exploration through its Committee for Research and Exploration. All proposed projects must have both a geographical dimension and relevance to other scientific fields and be of broad scientific interest. For more information, visit http://www.nationalgeographic.com/explorers/grants-programs/cre-application/. Deadline: Open

FACULTY DEVELOPMENT OPPORTUNITIES

- **American Association of University Women**
  - AAUW is currently recruiting faculty to serve on applicant review and selection panels for the following programs:
    - American Fellowships
    - Career Development Grants
    - Community Action Grants
    - International Fellowships
    - Selected Professions Fellowships

- **Council on Undergraduate Research**
  - **CUR Registry of Undergraduate Researchers:**
    - The purpose of this registry is to facilitate matchmaking between undergraduates who have research experience and a desire to pursue an advanced degree, with graduate schools seeking high quality students who are well prepared for research. The Registry is open to students and graduate schools in the fields of Chemistry, Biochemistry, Biology, Physics/Astronomy, Mathematics/Computer Science, Economics, Geosciences, Engineering, Psychology, Sociology, Humanities and Anthropology/Archaeology. Any undergraduate may go to [www.cur.org/ugreg/](http://www.cur.org/ugreg/) to fill out a simple curriculum vitae form. There is no charge to the student and records will be made available to bona fide Graduate Schools that contract with CUR for this service. Organizations or companies seeking the students’ information for other marketing purposes will not be granted access. Graduate School representatives may contact students to invite applications or visits to the campus and laboratory, or to share information about their research programs and financial support opportunities.

  - **CUR Listserv:**
    - In an effort to enhance communication between the divisions of CUR a number of divisions have established listservs. To subscribe to these listservs, please visit [http://www.cur.org/curlistserv.html](http://www.cur.org/curlistserv.html). In the future, periodic updates will be posted on these listservs and we hope that it will function as a two-way communication conduit between the Council and the broader CUR membership.

**EXTRAORDINARY OPPORTUNITY:**

• Undergraduate Research Commons
  o The Undergraduate Research Commons is a discovery portal showcasing outstanding undergraduate research publications. This collection of work includes award-winning capstone projects, faculty-mentored research, and peer-reviewed scholarship from hundreds of undergraduate institutions. Visit http://undergraduatecommons.com/
  o Student works in Dickinson Scholar, the college’s open access institutional repository, are automatically included in the Undergraduate Research Commons. Want to contribute? Email scholar@dickinson.edu.
  o You may also wish to review the Dickinson Scholar FAQs.

• U.S. Department of Education
  o The U.S. Department of Education/Office of Postsecondary Education/International and Foreign Language Education Office is seeking qualified individuals, in particular, world language and area/international studies specialists, to serve as readers for grant competitions. For more information, visit http://content.govdelivery.com/attachments/USED/2014/03/07/file_attachments/276424/Reader%2BRecruitment%2BFlyer%2Bupdated%2B02-19-14%2BFINAL.pdf.

• CALL FOR REVIEWERS
  o Papers & Publications, an interdisciplinary journal of undergraduate research, seeks faculty across disciplines to assist in the external review process. Reviewers are asked to read two to three manuscripts in their area of expertise in spring/early summer and provide feedback to the authors through the online system. In cases where a revise and resubmit is requested, a second reading may be necessary. If you are interested in this opportunity, please send an email message to Leigh.Dillard@ung.edu and provide the following information for the database:
    ▪ Name
    ▪ University
    ▪ Department
    ▪ Preferred email
    ▪ Discipline and subject areas of expertise (e.g. Humanities: British lit, world lit)

GRANT NEWS & UPDATES

• FEATURED GRANT PROGRAMS: 2018-2019 FULBRIGHT SCHOLAR PROGRAM *AND* NEH FELLOWSHIPS
    ▪ If I already had a Fulbright, can I get another one?
      ▪ Restrictions regarding previous Fulbright experiences have been lifted by the J. William Fulbright Foreign Scholarship Board. The board reiterated its strong preference for Fulbright Scholar opportunities to be given to candidates who have not previously received a Fulbright Scholar grant, as stipulated in section 624.2 of the Fulbright Program Policies.
  o National Endowment for the Humanities - Fellowships. This program supports individuals pursuing advanced research that is of value to humanities scholars, general audiences, or both. Recipients usually produce articles, monographs, books, digital materials, archaeological site reports, translations, editions, or other scholarly resources in the humanities. For more information, visit https://www.neh.gov/grants/research/fellowships. Deadline: April 12, 2017
National Endowment for the Humanities - NEH-Mellon Fellowships for Digital Publication. This program supports individual scholars pursuing interpretive research projects that require digital expression and digital publication. To be eligible for this special opportunity, an applicant’s plans for digital publication must be essential to the project’s research goals. That is, the project must be conceived as digital because the nature of the research and the topics being addressed demand presentation beyond traditional print publication. Successful projects will likely incorporate visual, audio, and/or other multimedia materials or flexible reading pathways that could not be included in traditionally published books, as well as an active distribution plan. All projects must be interpretive. That is, projects must advance a scholarly argument through digital means and tools. Stand-alone databases and other projects that lack an interpretive argument are not eligible. For more information, visit https://www.neh.gov/grants/research/neh-mellon-fellowships-digital-publication. Deadline: April 12, 2017

Five NSF Review Elements -

“The following elements should be considered in the review for both criteria:

1. What is the potential for the proposed activity to:
   a. advance knowledge and understanding within its own field or across different fields (Intellectual Merit); and
   b. benefit society or advance desired societal outcomes (Broader Impacts)?

2. To what extent do the proposed activities suggest and explore creative, original, or potentially transformative concepts?

3. Is the plan for carrying out the proposed activities well-reasoned, well-organized, and based on a sound rationale? Does the plan incorporate a mechanism to assess success?

4. How well qualified is the individual, team, or institution to conduct the proposed activities?

5. Are there adequate resources available to the PI (either at the home institution or through collaborations) to carry out the proposed activities?”

Fall 2016 NSF Grants Conference Webcast –
Available on YouTube, and may be accessed here. Topics include: Types of NSF Funding Opportunities, Proposal Preparation, Award Management, the Merit Review Process, the Faculty Early Career Development (CAREER) Program, and more. Presentations are also available on the conference website. For technical questions, please contact webcast@nccsite.com. For questions about the webcast content, please contact us at grants_conference@nsf.gov. Please allow several business days for us to respond to your question.

**RESOURCE REMINDER: SPIN Grants Database**

**SPIN** (Sponsored Programs Information Network) provides up-to-date information on current national and international government and private funding sources, including fellowships, research grants, publication support, sabbatical support, curriculum development, and more. Accessible to anybody on campus using Dickinson’s internet connection. SPIN is also accessible to anybody off campus after a SPIN profile has been established. If you would like to create a SPIN profile and receive summaries of grant opportunities based on keywords related to your research sent automatically to you by email, please contact Ben Sweger.

Check out the helpful SPIN training videos at https://spin.infoedglobal.com/Home/TrainingVideos (suggested browsers: Google Chrome or Mozilla Firefox).

If you find a funding opportunity using SPIN, notify the Sponsored Projects Office so that we can assist you with the proposal preparation and submission processes.

**Grant reviewer’s suggestion:** Faculty need to ensure that their websites are up-to-date at all times. Reviewers often refer to these websites when reviewing proposals.

IMPORTANT INFORMATION FROM FINANCIAL OPERATIONS

- Ensuring that all awards and grants are duly recognized by the College and properly reflected in the financial records is important. All award funds should go directly to the College Advancement Office so that we can process them in Banner. The Gift Recorder (Jen Acuna) enters the funds in Banner so that they are recorded in College Advancement’s records and in the financial records in accounts restricted for that award. The College Advancement and Financial Operations offices work together closely to make sure this process captures all College awards. If you receive an award, please make sure to contact one of these offices.

- **Cost Share Guidelines:** If a proposal requires cost sharing, the commitment of institutional resources must be noted on the External Grant Notification/Clearance Form that is circulated among the senior officers of the College for approval. If the College receives the award that includes cost sharing in the approved budget, the College is obligated to record these costs in the financial records and these cost share expenses are subject to audit. Please be sure to discuss cost sharing with the Sponsored Projects Office and/or Financial Operations offices prior to submitting proposals.

- Every grant or award has a unique account number (called FOAPAL) to track activity specific to that award. These numbers are assigned by Financial Operations when award letters are received. Kevin Crist tracks activity in accounts and sends quarterly spreadsheets to Financial Managers for their information and review. As a Financial Manager, you have the ability to review real time expenditures via Banner Self-Service. Please contact Miriam McMechen to inquire about Self-Service training offerings and direct specific questions about finances on awards to Kevin.

- If you have recommendations about information that would be useful for managing your grants (additional analysis, open sessions, Banner training, one-on-one assistance, etc.), please contact Kevin Crist.
