GRANT OPPORTUNITIES

DIVISION I (See also “All College” listings, as they may apply to your interests)

- National Endowment for the Humanities - Summer Seminars for College and University Teachers. Each year, the NEH offers tuition-free opportunities for college and university educators to study a variety of humanities topics. Stipends of $1,200-$3,300 help cover expenses for these one- to four-week programs. For more information and application instructions, please visit the websites for individual programs. Links are provided in the Grant News & Updates section of this newsletter. To visit the main website, visit http://www.neh.gov/divisions/education/summer-programs. Deadline: March 1, 2018

- Kimmel Harding Nelson Center for the Arts - Residency Program. For more information, visit http://www.khncenterforthearts.org/application_process.php. Deadlines: March 1, 2018; September 1, 2018

- Mid-Atlantic Arts Foundation - ArtsCONNECT. This opportunity provides funding for mid-Atlantic-based presenters working collaboratively to engage a performing artist or ensemble. The program aims to develop and deepen relationships among the region’s presenters, helping build a more sustainable touring environment for artists and ensembles. The supported tours include performances as well as community engagement activities that enhance the performance experience, and offer meaningful exchanges between touring artists and a presenter’s community. For more information, visit http://www.midatlanticarts.org/grants-programs/grants-for-organizations/#artsconnect. Deadline: March 9, 2018

- U.S. Department of State, Bureau of Educational and Cultural Affairs - FY 2018 American English E-Teacher Program. This opportunity offers foreign English teaching professionals the opportunity for professional development through high-quality virtual exchange components including online university-level Teaching English to Speakers of Other Languages (TESOL) methodology courses, online English language learning courses, Massive Open Online Courses (MOOCs), webinars, digital libraries, communities of practice and other types of engaging and innovative virtual learning. For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=300022. Deadline: March 12, 2018

- National Endowment for the Humanities - Fellowships. For more information, visit https://www.neh.gov/grants/research/fellowships. Deadline: April 11, 2018

- National Endowment for the Arts - Challenge America. This opportunity offers support primarily to small and mid-sized organizations for projects that extend the reach of the arts to underserved populations -- those whose opportunities to experience the arts are limited by geography, ethnicity, economics, or disability. Age alone (e.g., youth, seniors) does not qualify a group as underserved; at least one of the underserved characteristics noted above also must be present. Please provide details about the underserved audience you select in your application. Grants are available for professional arts programming and for projects that emphasize the potential of the arts in community development. For more information, visit https://www.arts.gov/grants-organizations/challenge-america/grant-program-description. Deadline: April 12, 2018

- MacDowell Colony - Fellowship. For more information, visit http://macdowellcolony.org/apply-appguidelines.html. Deadlines: April 15, 2018; September 15, 2018; January 15, 2019

- National Science Foundation - Antarctic Artists and Writers Program. For more information, visit http://www.nsf.gov/pubs/2016/nsf16542/nsf16542.html. See also FAQs regarding this program at https://www.nsf.gov/pubs/2017/nsf17069/nsf17069.jsp?WT.mc_id=USNSF_25&WT.mc_ev=click. Deadlines: June 1, 2018; June 1, 2019

• National Institutes of Health - Bridges to the Baccalaureate Program (R25). This opportunity invites applications that propose research education activities in the mission areas of the NIH. The overarching goal of this program is to support educational activities that enhance the diversity of the biomedical research workforce. To accomplish this goal, funded programs will support creative educational activities with a primary focus on Courses for Skills Development, Research Experiences, and Curriculum or Methods Development. A program application must include each activity, and describe how they will be synergized to make a comprehensive program. This program is intended to provide these activities to community college students to increase transition to and completion of Bachelor's degree in biomedical sciences. This program requires partnerships between community colleges or other two-year post-secondary educational institutions granting the associate degree with colleges or universities that offer the baccalaureate degree. Additionally, recruitment and retention plans are required as part of the application. For more information, visit https://grants.nih.gov/grants/guide/pa-files/PAR-17-210.html. - National Science Foundation - Major Research Instrumentation Program (MRI). This program serves to increase access to shared scientific and engineering instruments for research and research training in our Nation’s institutions of higher education, not-for-profit museums, science centers and scientific/engineering research organizations. The program provides organizations with opportunities to acquire major instrumentation that supports the research and research training goals of the organization and that may be used by other researchers regionally or nationally. For more information, visit https://www.nsf.gov/pubs/2018/nsf18513/nsf18513.htm. Deadlines: January 22, 2019; January 19, 2020

- National Institutes of Health - Postbaccalaureate Research Education Program (PREP) (R25). For more information, visit http://grants.nih.gov/grants/guide/pa-files/PAR-17-051.html. Deadline: January 24, 2019

• National Science Foundation - Dear Colleague Letter: Life STEM. Through this DCL, NSF invites eligible organizations to submit research proposals that inform, create, implement, and evaluate models of intervention that will advance the knowledge base for establishing and retaining underrepresented minorities in STEM fields with particular attention to life science and the biosciences. Researchers from minority-serving institutions, including Historically Black Colleges and Universities, Hispanic-Serving Institutions, and Tribal Colleges and Universities, are particularly encouraged to apply. Proposals should partner eligible organizations with local elementary, middle or high schools to foster collaborative relationships between K-12 science educators and the research community. The activities may occur in formal and/or informal settings. Proposals may address science topics and activities related to curriculum development, teacher support, and student engagement. Proposals should describe effective methods to disseminate findings broadly to the K-16 science education community. Researchers are invited to submit proposals to one of many programs. For more information, visit [https://www.nsf.gov/pubs/2017/nsf17127/nsf17127.jsp?WT.mc_id=USNSF_25&WT.mc_ev=click](https://www.nsf.gov/pubs/2017/nsf17127/nsf17127.jsp?WT.mc_id=USNSF_25&WT.mc_ev=click). Deadlines vary

• National Science Foundation - Research Coordination Networks (RCN). The goal of the RCN program is to advance a field or create new directions in research or education by supporting groups of investigators to communicate and coordinate their research, training and educational activities across disciplinary, organizational, geographic and international boundaries. The RCN program provides opportunities to foster new collaborations, including international partnerships, and address interdisciplinary topics. Innovative ideas for implementing novel networking strategies, collaborative technologies, training, broadening participation, and development of community standards for data and meta-data are especially encouraged. For more information, visit [https://www.nsf.gov/pubs/2017/nsf17594/nsf17594.htm](https://www.nsf.gov/pubs/2017/nsf17594/nsf17594.htm). Deadline: proposals accepted anytime

- National Science Foundation - Petrology and Geochemistry. For more information, visit https://www.nsf.gov/pubs/2017/nsf17547/nsf17547.htm. Deadline: proposals accepted anytime

- National Science Foundation - Tectonics. For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=13673. Deadline: proposals accepted anytime

All College

• National Endowment for the Humanities - Summer Seminars for College and University Teachers. Each year, the NEH offers tuition-free opportunities for college and university educators to study a variety of humanities topics. Stipends of $1,200-$3,300 help cover expenses for these one- to four-week programs. For more information and application instructions, please visit the websites for individual programs. Links are provided in the Grant News & Updates section of this newsletter. To visit the main website, visit http://www.neh.gov/divisions/education/summer-programs. Deadline: March 1, 2018

• U.S. Department of Justice, Office on Violence Against Women - OVW FY 2018 Research and Evaluation Initiative. The purpose of this Research and Evaluation (R&E) Initiative is to research and evaluate approaches to combating domestic violence, sexual assault, dating violence, and stalking. By generating more knowledge about strategies for serving victims and holding offenders accountable, communities that benefit from Violence Against Women Act funding will be better equipped to align their work with practices that are known to be effective, and they will be more capable of generating empirical knowledge on the efficacy of new and promising ways of doing things. R&E is designed to support researcher-practitioner partnerships and a broad range of research and evaluation methods, including qualitative, mixed-method, and quasi-experimental designs. For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=300012. Deadline: March 6, 2018

• British Academy - Newton International Fellowships Scheme. This opportunity has been established to select the very best early stage post-doctoral researchers from all over the world and enable them to work at UK research institutions for a period of two years. The Scheme covers researchers in all disciplines covered by the British Academy, the Royal Society and the Academy of Medical Sciences (physical, natural and social sciences, and the humanities). For more information, visit https://www.britac.ac.uk/newton-international-fellowships. Deadline: March 27, 2018

• Spencer Foundation - Areas of Inquiry - Small Grant Proposals. Since it was established in 1971, the Spencer Foundation has sought to support high-quality, innovative research with the potential to improve education. In pursuing that goal, they have always had broad ideas about the questions such research might ask, the methods it might use, and the ways in which it might be supported. The Foundation currently accepts proposals for small research grants, with a budget limit of $50,000. Small grant proposals covering any topic that falls within Spencer’s mission can be submitted through the general small grants program. For more information, visit http://www.spencer.org/small-research-grants. Deadlines: May 1, 2018; August 1, 2018
• Corporation for National and Community Service - 2018 AmeriCorps State and National Grants - Targeted Priority. AmeriCorps grants are awarded to eligible organizations proposing to engage AmeriCorps members in evidence-based or evidence-informed interventions to strengthen communities. An AmeriCorps member is an individual who engages in community service through an approved national service position. Members may receive a living allowance and other benefits while serving. Upon successful completion of their service, members earn a Segal AmeriCorps Education Award from the National Service Trust that members can use to pay for higher education expenses or apply to qualified student loans. For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=300415. Deadline: May 2, 2018

• National Socio-Environmental Synthesis Center - Sabbatical & Research Fellowships. Sabbatical Fellowships (2-12 months) support social, environmental, or cyberinfrastructure research activities that will advance the mission of SESYNC. For more information, visit http://www.sesync.org/sabbatical-and-research-fellowships. Deadlines: May 15, 2018; October 15, 2018

• National Archives and Records Administration - Publishing Historical Records in Documentary Editions. The National Historical Publications and Records Commission seeks proposals to publish documentary editions of historical records. Projects may focus on the papers of major figures from American history or cover broad historical movements in politics, social reform, business, military, the arts, and other aspects of the national experience. The historical value of the records and their expected usefulness to broad audiences must justify the costs of the project. The goal of this program is to provide access to, and editorial context for, the historical documents and records that tell the American story. Applicants should demonstrate familiarity with the best practices recommended by the Association for Documentary Editing or the Modern Language Association Committee on Scholarly Editions. For more information, visit https://www.archives.gov/nhprie/announcement/editions.html. Deadlines: June 13, 2018; October 4, 2018

• Captain Planet Foundation - ecoTech Grants Program. These grants support projects that leverage technology to achieve greater or innovative environmental outcomes (this does not include simply adding iPads, tablets, or other smart devices to a project). For more information, visit https://captainplanetgrants.communityforce.com/Funds/Search.aspx#4371597136646D517979544F5976596D4E73384E69673D3D. Deadline: July 15, 2018

• Council for the International Exchange of Scholars - 2019-2020 Fulbright Scholar Program. For other eligibility requirements and detailed award descriptions visit our website at http://www.cies.org/us_scholars/us_awards/ or contact scholars@iie.org. Deadline (for most awards): August 1, 2018
  o If I already had a Fulbright, can I get another one?
    ▪ Restrictions regarding previous Fulbright experiences have been lifted by the J. William Fulbright Foreign Scholarship Board. The board reiterated its strong preference for Fulbright Scholar opportunities to be given to candidates who have not previously received a Fulbright Scholar grant, as stipulated in section 624.2 of the Fulbright Program Policies.

• National Science Foundation - Research Experiences for Undergraduates. The REU Sites program is based on independent proposals to initiate and conduct projects that engage a number of students in research. REU Sites may be based in a single discipline or academic department, or on interdisciplinary or multi-department research opportunities with a coherent intellectual theme. Proposals with an international dimension are welcome. For more information, visit http://www.nsf.gov/pubs/2013/nsf13542/nsf13542.htm. Deadlines: August 22, 2018

• National Science Foundation - Robert Noyce Teacher Scholarship Program. This program seeks to encourage talented science, technology, engineering, and mathematics majors and professionals to become K-12 STEM teachers.
The program invites creative and innovative proposals that address the critical need for recruiting and preparing highly effective K-12 STEM teachers, especially in high-need local educational agencies. For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5733&WT.mc_id=USNSF_39&WT.mc_ev=click. Deadline: August 28, 2018

- **National Science Foundation - Documenting Endangered Languages – Data, Infrastructure and Computational Methods.** This funding partnership between the NSF and the National Endowment for the Humanities supports projects to develop and advance knowledge concerning endangered human languages. For more information, visit https://www.nsf.gov/pubs/2016/nsf16576/nsf16576.htm. Deadlines: September 15, 2018; September 15, 2019

FACULTY DEVELOPMENT OPPORTUNITIES

- **American Association of University Women**
  - AAUW is currently recruiting faculty to serve on applicant review and selection panels for the following programs:
    - American Fellowships
    - Career Development Grants
    - Community Action Grants
    - International Fellowships
    - Selected Professions Fellowships

- **Council on Undergraduate Research**
  - **CUR Registry of Undergraduate Researchers:**
    The Council on Undergraduate Research Registry of Undergraduate Researchers is one tool that undergraduate students can use to assist them in their pursuit of a graduate degree. This registry facilitates “matchmaking” between undergraduates with research experience and a desire to pursue an advanced degree, and graduate schools seeking high-quality students who are well prepared for research. Currently the registry is open to students and graduate schools/employers in nearly all fields. For more information, visit www.cur.org/ugreg/.

  - **CUR Conferences and Events:**
    For more information, visit http://www.cur.org/conferences_and_events/.

• FEATURED GRANT PROGRAMS: 2019-2020 FULBRIGHT SCHOLAR PROGRAM *AND* NEH SUMMER SEMINARS FOR COLLEGE AND UNIVERSITY TEACHERS

  o Council for the International Exchange of Scholars - 2019-2020 Fulbright Scholar Program. To view guidelines, eligibility requirements, and detailed award descriptions for the 2019-2020 competition visit http://www.cies.org/us_scholars/us_awards/ or contact scholars@iie.org. Deadline (for most awards): August 1, 2018
    ▪ If I already had a Fulbright, can I get another one?
      ▪ Restrictions regarding previous Fulbright experiences have been lifted by the J. William Fulbright Foreign Scholarship Board. The board reiterated its strong preference for Fulbright Scholar
opportunities to be given to candidates who have not previously received a Fulbright Scholar grant, as stipulated in section 624.2 of the Fulbright Program Policies.

- **National Endowment for the Humanities - Summer Seminars for College and University Teachers.**
  Each year, the NEH offers tuition-free opportunities for college and university educators to study a variety of humanities topics. Stipends of $1,200-$3,300 help cover expenses for these one- to four-week programs. For more information and application instructions, please visit the websites for individual programs. Links are provided below. To visit the main website, visit [http://www.neh.gov/divisions/education/summer-programs](http://www.neh.gov/divisions/education/summer-programs).

Important Notice No. 144: Harassment

Important Notice to Presidents of Universities and Colleges and Heads of Other National Science Foundation Grantee Organizations

February 8, 2018

The National Science Foundation (NSF) does not tolerate sexual harassment, or any kind of harassment, within the agency, at grantee organizations, field sites, or anywhere NSF-funded science and education are conducted. The 2,000 American colleges, universities and other institutions that receive NSF funds are responsible for fully investigating complaints and for complying with federal non-discrimination law.

As the primary funding agency of fundamental science and engineering research in the United States, NSF is committed to promoting safe, productive research and education environments for current and future scientists and engineers. We consider the Principal investigator (PI) and any co-PI(s) identified on an NSF award to be in positions of trust. The PI and co-PI and all grant personnel must comport themselves in a responsible and accountable manner, including during the performance of award activities conducted outside the organization, such as at field sites or facilities, or during conferences and workshops.

To bolster our commitment to a safe research environment, NSF is taking the following steps:

1. New Award Requirements: NSF has developed a new award term and condition that will require grantee organizations to report findings of sexual harassment, or any other kind of harassment regarding a PI or co-PI or any other grant personnel. The award term and condition also will require the grantee to report the placement of the PI or co-PI on administrative leave relating to a harassment finding or investigation. This term and condition will make it clear that NSF may take unilateral action as necessary to protect the safety of all grant personnel, to include suspending or terminating an award or requiring the grantee to replace or remove personnel. NSF will solicit feedback on this new award term and condition through its Proposal and Award Policies and Procedures Guide Federal Register process within the next several weeks.

2. Harassment-Free Research Workplaces: NSF expects all awardee organizations to establish and maintain clear and unambiguous standards of behavior to ensure harassment-free workplaces wherever science is conducted,
including notification pathways for all personnel, including students, on the primary and supplemental awards. This expectation includes activities at all research facilities and field sites and during conferences and workshops. All such settings should have accessible and evident means for reporting violations and awardee organizations should exercise due diligence with timely investigations of allegations and corrective actions.

3. Enhanced Web Resources: The NSF Office of Diversity and Inclusion (ODI) is tasked with seeking to ensure that NSF-funded programs and projects are free of discrimination. ODI recently launched a dedicated web portal to consolidate policies and procedures, promising practices, and frequently asked questions relating to sexual and other forms of harassment with the intent of making it easier for the research community and the public to access information. This portal is where NSF will continue to add content related to ending harassment. To access the portal, please visit NSF.gov/harassment.

NSF is working to make certain that awardee organizations respond promptly and appropriately to instances of sexual and all other forms of harassment. A community effort is essential to eliminate sexual and other harassment in science and to build scientific workspaces where people can learn, grow and thrive.

NSF Proposal & Award Policies & Procedures Guide

- RESOURCE REMINDER: SPIN Grants Database

SPIN (Sponsored Programs Information Network) provides up-to-date information on current national and international government and private funding sources, including fellowships, research grants, publication support, sabbatical support, curriculum development, and more. Accessible to anybody on campus using Dickinson’s internet connection. SPIN is also accessible to anybody off campus after a SPIN profile has been established. If you would like to create a SPIN profile and receive summaries of grant opportunities based on keywords related to your research sent automatically to you by email, please contact Ben. Check out the helpful SPIN training videos at https://spin.infoedglobal.com/Home/TrainingVideos (suggested browsers: Google Chrome or Mozilla Firefox).

If you find a funding opportunity using SPIN, notify Glen or Ben so that we can assist you with the proposal preparation and submission processes.
• **Grant reviewer’s suggestion:** Faculty need to ensure that their websites are up-to-date at all times. Reviewers often refer to these websites when reviewing proposals.

IMPORTANT INFORMATION FROM FINANCIAL OPERATIONS

- By the end of January, Principal Investigators should have received the quarterly financial spreadsheets for quarter ending 12/31/2017 for their awards. Please use these spreadsheets to view the overall grant financial activity for the current year and the grant in total, making sure the expenses are occurring as budgeted and/or expected. To view detailed transactions and keep updated on all charges, use the Self Service function in Banner. This function allows you to review transactions and see the originating document. Contact Financial Operations (Kristy Holmes or Kevin Crist) if you have any questions or concerns on the financial activity of your award. We are happy to assist in any way.

- Ensuring that all awards and grants are duly recognized by the College and properly reflected in the financial records is important. All award funds should go directly to the College Advancement Office so that we can process them in Banner. The Gift Recorder (Jen Acuna) enters the funds in Banner so that they are recorded in College Advancement’s records and in the financial records in accounts restricted for that award. The College Advancement and Financial Operations offices work together closely to make sure this process captures all College awards. If you receive an award, please make sure to contact one of these offices.

- **Cost Share Guidelines:** If a proposal requires cost sharing, the commitment of institutional resources must be noted on the External Grant Notification/Clearance Form that is circulated among the senior officers of the College for approval. If the College receives the award that includes cost sharing in the approved budget, the College is obligated to record these costs in the financial records and these cost share expenses are subject to audit. Please be sure to discuss cost sharing with the Sponsored Projects Office and/or Financial Operations offices prior to submitting proposals.

- Every grant or award has a unique account number (called FOAPAL) to track activity specific to that award. These numbers are assigned by Financial Operations when award letters are received. Kevin Crist tracks activity in accounts and sends quarterly spreadsheets to Financial Managers for their information and review. As a Financial Manager, you have the ability to review real time expenditures via Banner Self-Service. Please contact Miriam McMechen to inquire about Self-Service training offerings and direct specific questions about finances on awards to Kevin.

- If you have recommendations about information that would be useful for managing your grants (additional analysis, open sessions, Banner training, one-on-one assistance, etc.), please contact Kevin Crist.
