- **National Science Foundation - Integrative Strategies for Understanding Neural and Cognitive Systems.** For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505132&WT.mc_id=USNSF_39&WT.mc_ev=click. Deadlines: December 7, 2018 (required letter of intent for FRONTIERS, FY2019 competition); January 8, 2019 (required letter of intent for FOUNDATIONS, FY2019 competition); February 26, 2019 (full proposal for FOUNDATIONS and FRONTIERS, FY2019 competition); January 8, 2020 (required letter of intent for FOUNDATIONS, FY2020 competition); February 26, 2020 (full proposal for FOUNDATIONS, FY2020 competition)

• **National Science Foundation - Dear Colleague Letter: Enabling Early-Stage Secure and Trustworthy Cyberspace (SaTC) Socio-Technical Interdisciplinary Collaborations.** With this DCL, NSF is announcing its intention to encourage the submission of EArly-Concept Grants for Exploratory Research (EAGER) proposals that foster excellent interdisciplinary research in the SaTC domain to be carried out in early-stage collaborations between one or more Computer and Information Science and Engineering researchers and one or more Social, Behavioral, and Economic Sciences researchers. For more information, visit https://www.nsf.gov/pubs/2018/nsf18109/nsf18109.jsp?WT.mc_id=USNSF_25&WT.mc_ev=click. Deadline: December 12, 2018

• **American Sociological Association - Fund for the Advancement of the Discipline.** For more information, visit http://www.asanet.org/funding/fad.cfm. Deadlines: December 15, 2018; June 15, 2019

• **American Psychological Association - Congressional Fellowship Program.** This opportunity enables Fellows to spend one year working on the staff of a member of Congress or congressional committee. Activities may involve drafting legislation, conducting oversight work, assisting with congressional hearings and events, and preparing briefs and speeches. Fellows also attend a two-week orientation program on congressional and executive branch operations, which provides guidance for the congressional placement process, and participate in a yearlong seminar series on science and public policy issues. The American Association for the Advancement of Science administers these professional development activities for the APA fellows and for fellows sponsored by over two dozen other professional societies. For more information, visit http://www.apa.org/about/awards/congress-fellow.aspx?tab=1. Deadline: January 6, 2019

• **National Science Foundation - Developmental and Learning Sciences.** This opportunity supports fundamental research that increases our understanding of cognitive, linguistic, social, cultural, and biological processes related to children’s and adolescents’ development and learning. Research supported by this program will add to our basic knowledge of how people learn and the underlying developmental processes that support learning, social functioning, and productive lives as members of society. For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=8671. Deadlines: January 15, 2019; July 15, 2019; January 15, 2020; July 15, 2020

• **National Science Foundation - Sociology.** For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5369. Deadlines: January 15, 2019; August 15, 2019

• **National Science Foundation - Cultural Anthropology Program Senior Research Awards.** For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505513. Deadlines: January 15, 2019; August 15, 2019

• **National Science Foundation - Political Science.** For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5418. Deadlines: January 15, 2019; August 15, 2019

• **National Science Foundation - Social Psychology.** For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5712. Deadlines: January 15, 2019; July 15, 2019

• **National Science Foundation - Science of Learning.** For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5567. Deadlines: January 16, 2019; July 10, 2019

• **National Science Foundation - Cultural Anthropology Scholars Awards, Methodological Training for Cultural Anthropologists.** For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5321&WT.mc_id=USNSF_39&WT.mc_ev=click. Deadlines: January 16, 2019; August 16, 2019

• National Science Foundation - Economics. For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5437. Deadlines: January 18, 2019; August 18, 2019

• National Science Foundation - Decision, Risk and Management Sciences. For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5423. Deadlines: January 18, 2019; August 18, 2019

• National Science Foundation - Major Research Instrumentation Program (MRI). This program serves to increase access to shared scientific and engineering instruments for research and research training in our Nation’s institutions of higher education, not-for-profit museums, science centers and scientific/engineering research organizations. The program provides organizations with opportunities to acquire major instrumentation that supports the research and research training goals of the organization and that may be used by other researchers regionally or nationally. For more information, visit https://www.nsf.gov/pubs/2018/nsf18513/nsf18513.htm. Deadlines: January 22, 2019; January 19, 2020

• National Science Foundation - Biological Anthropology. For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5407. Deadlines: January 22, 2019; July 22, 2019

• National Science Foundation - Law and Social Sciences. For more information, visit https://www.nsf.gov/pubs/2019/nsf19519/nsf19519.htm. Deadlines: January 29, 2019; August 1, 2019

• Spencer Foundation - Small Research Grants. This program aims to support smaller scale or pilot research projects that have budgets of $50,000 or less. Proposals are encouraged from scholars across a variety of disciplines in an effort to fund field-initiated education research. For more information, visit http://www.spencer.org/small-research-grants. Deadlines: February 1, 2019; May 1, 2019; August 1, 2019

• National Science Foundation - Perception, Action & Cognition. For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5686&WT.mc_id=USNSF_39&WT.mc_ev=click. Deadlines: February 1, 2019; August 1, 2019

• National Science Foundation - Science of Organizations. For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=504696. Deadlines: February 4, 2019; September 3, 2019

• National Institutes of Health - Education and Health: New Frontiers (R01) Clinical Trial Optional. NIH and its participating Institutes and Centers invite applications for research that will further elucidate the pathways involved in the relationship between education and health outcomes and in doing so to carefully identify the specific aspects and qualities of education that are responsible for this relationship and what the mediating factors are that affect the nature of the causal relationship. This FOA will use the NIH R01 Research Project Grant award mechanism. For more information, visit https://grants.nih.gov/grants/guide/par-files/PAR-18-387.html. Deadlines: February 5, 2019; June 5, 2019

• National Science Foundation - CNH2: Dynamics of Integrated Socio-Environmental Systems. For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=310368. Deadline: February 14, 2019

• National Institutes of Health - NICHD Research Education Programs (R25 Clinical Trial Optional). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=299099. Deadline: May 25, 2019

• National Science Foundation - Faculty Early Career Development Program (CAREER). This program offers the NSF’s most prestigious awards in support of early-career faculty who have the potential to serve as academic role models in research and education and to lead advances in the mission of their department or organization. Activities pursued by early-career faculty should build a firm foundation for a lifetime of leadership in integrating education and research. For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=503214. See also related FAQs at https://www.nsf.gov/pubs/2017/nsf17050/nsf17050.jsp?WT.mc_id=USNSF_25&WT.mc_ev=click. Deadline for SBE: July 19, 2019

• National Science Foundation - Geography and Spatial Sciences Program. For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505034. Deadlines: September 5, 2019; September 3, 2020

• National Science Foundation - Research Coordination Networks (RCN). The goal of the RCN program is to advance a field or create new directions in research or education by supporting groups of investigators to communicate and coordinate their research, training and educational activities across disciplinary, organizational, geographic and international boundaries. The RCN program provides opportunities to foster new collaborations, including international partnerships, and address interdisciplinary topics. Innovative ideas for implementing novel networking strategies, collaborative technologies, training, broadening participation, and development of community standards for data and meta-data are especially encouraged. For more information, visit https://www.nsf.gov/pubs/2017/nsf17594/nsf17594.htm. Deadline: proposals accepted anytime

• National Science Foundation - High-Risk Research in Physical Anthropology and Archaeology. For more information, visit http://www.nsf.gov/pubs/2008/nsf08523/nsf08523.htm. Deadline: proposals accepted any time

Division III (See also “All College” listings, as they may apply to your interests)

• Defense Advanced Research Projects Agency - Information Innovation Office Office-Wide BAA. Modern society depends on information and information depends on information systems. Timely, insightful, reliable, and relevant information drives success. This is not lost on military leaders who well appreciate the critical importance of information for national security. The Information Innovation Office (I2O) develops game-changing information science and technology to ensure information advantage for the U.S. and its allies. This BAA seeks revolutionary research ideas for topics not being addressed by ongoing I2O programs or other published solicitations. Potential proposers are highly encouraged to review the current I2O programs (http://www.darpa.mil/about-us/offices/i2o) and solicitations (http://www.darpa.mil/work-with-us/opportunities) to avoid proposing efforts that duplicate existing activities or that are responsive to other published I2O solicitations. • **National Endowment for the Humanities - Scholarly Editions and Translations Grants.** These grants support the preparation of editions and translations of pre-existing texts of value to the humanities that are currently inaccessible or available only in inadequate editions or transcriptions. Typically, the texts and documents are significant literary, philosophical, and historical materials; but other types of work, such as musical notation, are also eligible. Projects must be undertaken by at least one editor or translator and one other collaborating scholar. These grants support full-time or part-time activities for periods of one to three years. For more information, visit [https://www.neh.gov/grants/research/scholarly-editions-and-translations-grants](https://www.neh.gov/grants/research/scholarly-editions-and-translations-grants). Deadline: December 5, 2018

• **National Endowment for the Humanities - Collaborative Research Grants.** These grants support groups of two or more scholars engaging in significant and sustained research in the humanities. The program seeks to encourage projects in a single field of study, as well as interdisciplinary work, both within the humanities and beyond. Projects that include partnerships with researchers from the natural and social sciences are encouraged, but they must remain firmly rooted in the humanities and must employ humanistic methods. Collaborators may be drawn from a single institution or several institutions across the United States; up to half of the collaborators may be based outside of the U.S. Partnerships among different sorts of institutions are welcome: for example, research universities might partner with teaching colleges, libraries, museums, or independent research institutions. For more information, visit [https://www.neh.gov/grants/research/collaborative-research-grants](https://www.neh.gov/grants/research/collaborative-research-grants). Deadline: December 5, 2018

• **U.S. Environmental Protection Agency - 16th Annual P3 Awards: A National Student Design Competition Focusing on People, Prosperity and the Planet.** This collegiate design competition promotes the use of scientific and engineering principles in creating innovative projects to address environmental challenges and develop real-world solutions. This RFA is seeking applications in the research areas of Air Quality, Safe and Sustainable Water Resources, Sustainable and Healthy Communities, and Chemical Safety. For more information, visit [https://www.epa.gov/research-grants/16th-annual-p3-awards-national-student-design-competition-focusing-people-prosperity](https://www.epa.gov/research-grants/16th-annual-p3-awards-national-student-design-competition-focusing-people-prosperity). • **Nathan Cummings Foundation - Fellowships.** This foundation is seeking applications for its annual fellowship program, which provides three individuals with up to $150,000 each over eighteen months to pursue a visionary social justice, economic justice, and/or climate change objective. The foundation is interested in projects that demonstrate exceptional vision and a willingness to disrupt entrenched systems and take risks. All proposed projects must relate to at least one of the major challenges the foundation is dedicated to addressing: inequality and climate change. Fellowship applications should align with at least one of the foundation’s four focus areas within these two major issues: Inclusive Clean Economy; Racial and Economic Justice; Corporate and Political Accountability; and Voice,

• **National Science Foundation - Career Compass Challenge.** The NSF has just launched a cash prize competition, totaling $100,000, called the NSF Career Compass Challenge. This Career Compass Challenge is part of an effort to modernize the American workforce, but in order to do that we are focusing on the NSF as a model. This Challenge will address the changing nature of work, and the pace of change to the types of work needed to carry out essential missions for the American people and create the Workforce for the 21st Century, starting with NSF. At the conclusion of this Challenge, NSF hopes to have created a “market” for technology solutions that will help employees plot a path for changing careers or identify how to move forward in their current career path, while also facilitating continuous reskilling. For more information, visit [https://challenge.gov/a/buzz/challenge/86/ideas/top](https://challenge.gov/a/buzz/challenge/86/ideas/top). Deadline: December 31, 2018

• **National Endowment for the Humanities - Media Projects.** This program supports documentary film, television, radio, and podcast projects that engage public audiences with humanities ideas in creative and appealing ways. All projects must be grounded in humanities scholarship in disciplines such as history, art history, film studies, literature, religious studies, philosophy, or anthropology. For more information, visit [https://www.neh.gov/grants/public/media-projects-development-grants](https://www.neh.gov/grants/public/media-projects-development-grants) (Development Grants) and [https://www.neh.gov/grants/public/media-projects-production-grants](https://www.neh.gov/grants/public/media-projects-production-grants) (Production Grants). Deadline: January 9, 2019

• **National Endowment for the Humanities - Digital Humanities Advancement Grants.** These grants support digital projects at different stages throughout their lifecycles, from early start-up phases through implementation and sustainability. Experimentation, reuse, and extensibility are hallmarks of this program, leading to innovative work that can scale to enhance scholarly research, teaching, and public programming in the humanities. For more information, visit [https://www.neh.gov/grants/odh/digital-humanities-advancement-grants](https://www.neh.gov/grants/odh/digital-humanities-advancement-grants). Deadline: January 15, 2019

• **Human Animal Bond Research Institute - Addressing Evidence-Based Health Benefits of Human-Animal Interaction.** This Request for Proposals is for projects that investigate the health outcomes of pet ownership and/or animal-assisted activity or therapy, both for the people and the animals involved. The organization is interested in projects that involve a variety of companion animals (e.g., small animals, dogs, cats, fish, and horses). Proposals should have a strong theoretical framework and focus on innovative approaches to studying the health effects of companion animals on humans within the following broad categories: child health and development; healthy aging; and mental health and wellness. For more information, visit [https://habri.org/grants/funding-opportunities/](https://habri.org/grants/funding-opportunities/). Deadline: February 7, 2019
• National Science Foundation - Navigating the New Arctic. This program seeks innovations in Arctic observational networks and fundamental convergence research across the social, natural, environmental, and computing and information sciences, and engineering that address the intersection of natural, social, and built systems. It promotes initiatives that empower new research communities, diversifies the next generation of Arctic researchers, integrates the co-production of knowledge, and engages partnerships, particularly among international stakeholders. For more information, visit https://www.nsf.gov/pubs/2019/nsf19511/nsf19511.htm. Deadline: February 14, 2019

• National Endowment for the Humanities - Summer Seminars and Institutes (CREATE). These grants broaden and deepen understanding of the humanities in supporting professional development programs, specifically designed for a national audience of K-12 educators or college and university faculty. The programs provide one- to four-week opportunities for participants (NEH Summer Scholars) to explore a variety of topics relevant to K-12 or undergraduate education in the humanities. NEH Summer Seminars and Institutes focus on the study and teaching of significant texts and other resources; provide models of excellent scholarship and teaching; contribute to the intellectual growth of the of participants; and build lasting communities of inquiry. This grant has a 34% funding ratio – not too shabby! For more information, visit https://www.neh.gov/grants/education/summer-seminars-and-institutes. Deadline: February 14, 2019

• National Endowment for the Humanities - Summer Programs (ATTEND). The NEH offers tuition-free opportunities for higher education faculty to study a variety of humanities topics. Stipends of $1,200-$3,300 help cover expenses for these one- to four-week programs. For more information and application instructions, please visit the websites for individual programs. - **National Science Foundation - Dear Colleague Letter: NSF ENG, GEO, and SBE Directorates Accepting Proposals for Research Related to the 2018 Hurricane Season.** Through this Dear Colleague Letter (DCL), the Directorates for Engineering (ENG), Geosciences (GEO), and the Social, Behavioral and Economic Sciences (SBE) encourage the submission of proposals that address challenges related to Hurricane Florence, similar events that could occur in the coming weeks, and their aftermaths. These directorates support fundamental science and engineering research projects whose results enable families, communities, businesses, institutions, and governments to better prepare for, respond to, and recover from future catastrophic events. With this DCL, NSF seeks to support research on new science and engineering questions posed by such natural disasters, primarily those that require immediate, time-sensitive data collection and other research activities to advance basic science. For more information, visit https://www.nsf.gov/pubs/2019/nsf19011/nsf19011.jsp?WT.mc_id=USNSF_25&WT.mc_ev=click. Deadline: Investigators must contact the ENG, GEO, or SBE Program Officer most closely related to the proposal topic before submitting to determine if the proposed activities meet NSF’s guidelines for these types of submissions or whether the proposed work is more suitable for submission as a regular research proposal.

• RESOURCE REMINDER: SPIN Grants Database

SPIN (Sponsored Programs Information Network) provides up-to-date information on current national and international government and private funding sources, including fellowships, research grants, publication support, sabbatical support, curriculum development, and more. Accessible to anybody on campus using Dickinson’s internet connection. SPIN is also accessible to anybody off campus after a SPIN profile has been established. If you would like to create a SPIN profile and receive summaries of grant opportunities based on keywords related to your research sent automatically to you by email, please contact Ben.

Check out the helpful SPIN training videos at https://spin.infoedglobal.com/Home/TrainingVideos (suggested browsers: Google Chrome or Mozilla Firefox).

If you find a funding opportunity using SPIN, notify Glen or Ben so that we can assist you with the proposal preparation and submission processes.

• Grant reviewer’s suggestion: Faculty need to ensure that their websites are up-to-date at all times. Reviewers often refer to these websites when reviewing proposals.

**IMPORTANT INFORMATION FROM FINANCIAL OPERATIONS**

- Ensuring that all awards and grants are duly recognized by the college and properly reflected in the financial records is important. All award funds should go directly to the College Advancement Office so that we can process them in Banner. The Gift Recorder (Becky Toms) enters the funds in Banner so that they are recorded in College Advancement’s records and in the financial records in accounts restricted for that award. The College Advancement and Financial Operations offices work together closely to make sure this process captures all college awards. If you receive an award, please make sure to contact one of these offices.

- **Cost Share Guidelines:** If a proposal requires cost sharing, the commitment of institutional resources must be noted on the External Grant Notification/Clearance Form that is circulated among the senior officers of the college for approval. If the college receives the award that includes cost sharing in the approved budget, the college is obligated to record these costs in the financial records and these cost share expenses are subject to audit. Please be sure to discuss cost sharing with the Sponsored Projects Office and/or Financial Operations offices prior to submitting proposals.
• Every grant or award has a unique account number (called FOAPAL) to track activity specific to that award. These numbers are assigned by Financial Operations when award letters are received. Ryan Vann tracks activity in accounts and sends quarterly spreadsheets to Financial Managers for their information and review. As a Financial Manager, you have the ability to review real time expenditures via Banner Self-Service. Please contact Miriam McMechen to inquire about Self-Service training offerings and direct specific questions about finances on awards to Ryan.

• If you have recommendations about information that would be useful for managing your grants (additional analysis, open sessions, Banner training, one-on-one assistance, etc.), please contact Ryan Vann.
