  SPIN (Sponsored Programs Information Network) provides up-to-date information on current national and international government and private funding sources, including fellowships, research grants, publication support, sabbatical support, curriculum development, and more. Accessible to anybody on campus using Dickinson’s internet connection. SPIN is also accessible to anybody off campus after a SPIN profile has been established. If you would like to create a SPIN profile and receive summaries of grant opportunities based on keywords related to your research sent automatically to you by email, please contact Ben.
  Check out the helpful SPIN training videos at https://spin.infoedglobal.com/Home/TrainingVideos (suggested browsers: Google Chrome or Mozilla Firefox).

  If you find a funding opportunity using SPIN, notify Glen or Ben so that we can assist you with the proposal preparation and submission processes.

- **Grant reviewer’s suggestion:** Faculty need to ensure that their websites are up-to-date at all times. Reviewers often refer to these websites when reviewing proposals.

IMPORT INFORMATION FROM FINANCIAL OPERATIONS

- Ensuring that all awards and grants are duly recognized by the college and properly reflected in the financial records is important. All award funds should go directly to the College Advancement Office so that we can process them in Banner. The Gift Recorder (Becky Toms) enters the funds in Banner so that they are recorded in College Advancement’s records and in the financial records in accounts restricted for that award. The College Advancement and Financial Operations offices work together closely to make sure this process captures all college awards. If you receive an award, please make sure to contact one of these offices.

- Cost Share Guidelines: If a proposal requires cost sharing, the commitment of institutional resources must be noted on the External Grant Notification/Clearance Form that is circulated among the senior officers of the college for approval. If the college receives the award that includes cost sharing in the approved budget, the college is obligated to record these costs in the financial records and these cost share expenses are subject to audit. Please be sure to discuss cost sharing with the Sponsored Projects Office and/or Financial Operations offices prior to submitting proposals.

- Every grant or award has a unique account number (called FOAPAL) to track activity specific to that award. These numbers are assigned by Financial Operations when award letters are received. Ryan Vann tracks activity in accounts and sends quarterly spreadsheets to Financial Managers for their information and review. As a Financial Manager, you have the ability to review real time expenditures via Banner Self-Service. Please contact Miriam McMechen to inquire about Self-Service training offerings and direct specific questions about finances on awards to Ryan.

- If you have recommendations about information that would be useful for managing your grants (additional analysis, open sessions, Banner training, one-on-one assistance, etc.), please contact Ryan Vann.
