- Defense Advanced Research Projects Agency - Information Innovation Office Office-Wide BAA. Modern society depends on information and information depends on information systems. Timely, insightful, reliable, and relevant information drives success. This is not lost on military leaders who well appreciate the critical importance of information for national security. The Information Innovation Office (I2O) develops game-changing information science and technology to ensure information advantage for the U.S. and its allies. This BAA seeks revolutionary
research ideas for topics not being addressed by ongoing I2O programs or other published solicitations. Potential proposers are highly encouraged to review the current I2O programs (http://www.darpa.mil/about-us/offices/i2o) and solicitations (http://www.darpa.mil/work-with-us/opportunities) to avoid proposing efforts that duplicate existing activities or that are responsive to other published I2O solicitations. • National Institutes of Health - Research Project Grant (Parent R01 Clinical Trial Not Allowed). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=310156. Deadline: January 7, 2022

• National Institutes of Health - Research Project Grant (Parent R01 Clinical Trial Required). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=310139. Deadline: January 7, 2022

• National Institutes of Health - NIH Research Project Grant (Parent R01 Basic Experimental Studies with Humans Required). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=310623. Deadline: January 7, 2022

• National Institutes of Health - NIH Small Research Grant Program (Parent R03 Clinical Trial Not Allowed). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=310158. Deadline: January 7, 2022

• National Institutes of Health - NIH Exploratory/Developmental Research Grant Program (Parent R21 Clinical Trial Required). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=310139. Deadline: January 7, 2022

• National Institutes of Health - Ruth L. Kirschstein National Research Service Award (NRSA) Individual Senior Fellowship (Parent F33). This opportunity provides senior individual research training fellowships to experienced scientists who wish to make major changes in the direction of their research careers or who wish to broaden their scientific background by acquiring new research capabilities as independent investigators in research fields relevant to the missions of participating NIH Institutes and Centers. For more information, visit https://grants.nih.gov/grants/guide/pa-files/PA-19-187.html. Deadline: January 8, 2022 (expiration date)

• National Institutes of Health - Summer Research Education Experience Program (Clinical Trials Not Allowed R25). This program supports research education activities in the mission areas of the NIH. The over-arching goal of this R25 program is to support educational activities that foster a better understanding of biomedical, behavioral and clinical research and its implications. To accomplish the stated over-arching goal, this FOA will support creative educational activities with a primary focus on research experiences for high school or undergraduate students or science teachers during the summer academic break. The proposed program needs to fit within the mission of the participating IC that the application is being submitted to and should not have a general STEM focus. For more information, visit https://grants.nih.gov/grants/guide/pa-files/PAR-19-164.html. Deadline: September 7, 2022

**All College**

- **German Academic Exchange Service (DAAD) - Group Study Visits.** DAAD offers financial support for subject-related academic information visits to Germany organized by faculty members for groups of students. Group Study Visit grants are intended to encourage contact with academic institutions, groups and individuals in Germany, and offer insight into current issues in the academic, scientific, economic, political and cultural realms. For more information, visit [https://www.daad.org/en/find-funding/faculty/group-study-visit/](https://www.daad.org/en/find-funding/faculty/group-study-visit/). Deadlines: May 1, 2019; November 1, 2019; February 1, 2020

- **U.S. Environmental Protection Agency - Advancing Sustainable Materials Management.** This notice solicits applications that accelerate substantial solutions or propose innovative ways of capturing, using, and reusing materials such as: (1) advancing the sustainable management of food (organics) through prevention, donation or recycling; (2) expanding, capturing and/or reusing glass cullet or the glass recycling infrastructure; (3) advancing recycling market development using clear marketing strategies for material reuse opportunities within the Southeast; and (4) advancing Sustainable Materials Management (SMM) in the built environment (including buildings, infrastructure, and resiliency). Priorities for this solicitation are economically-driven strategies to drive SMM of food, glass, recycling markets, and the built environment. For more information, visit [https://www.grants.gov/web/grants/view-opportunity.html?oppId=314233](https://www.grants.gov/web/grants/view-opportunity.html?oppId=314233). Deadline: May 10, 2019

- **American Educational Research Association - Research Grants.** This program provides research grants to faculty at institutions of higher education, postdoctoral researchers, and other doctoral level scholars. The program supports highly competitive studies using rigorous quantitative methods to examine large-scale, education-related data. This research and training program is designed to advance knowledge and build research capacity in education and STEM education and learning. Since 1991, this AERA Program has been vital to both research and training at early career stages. For more information, visit [http://www.aera.net/Professional-Opportunities-Funding/AERA-Funding-Opportunities/Grants-Program/Research-Grants](http://www.aera.net/Professional-Opportunities-Funding/AERA-Funding-Opportunities/Grants-Program/Research-Grants). Deadline: May 15, 2019

- **Ragdale Foundation - Alice Hayes Writing Fellowship.** This opportunity provides an 18-25 day residency and a $500 stipend for a writer who is working on a project designed to bring awareness to a contemporary issue having to do with peace, social justice, education, or the environment. For more information, visit [http://ragdale.org/residency/fellowship/](http://ragdale.org/residency/fellowship/). Deadline: May 15, 2019

- **U.S. Department of Agriculture, Utilities Programs - Distance Learning and Telemedicine Grants.** This program provides financial assistance to enable and improve distance learning and telemedicine services in rural areas. The grant funds support the use of telecommunications-enabled information, audio and video equipment, and related advanced technologies by students, teachers, medical professionals, and rural residents. These grants are intended to increase rural access to education, training, and health care resources that are otherwise unavailable or limited in scope. For more information, visit [https://www.grants.gov/web/grants/view-opportunity.html?oppId=312924](https://www.grants.gov/web/grants/view-opportunity.html?oppId=312924). Deadline: May 15, 2019

- **National Socio-Environmental Synthesis Center - Sabbatical & Research Fellowships.** Sabbatical Fellowships (2-12 months) support social, environmental, or cyberinfrastructure research activities that will advance the mission of SESYNC. For more information, visit [http://www.sesync.org/sabbatical-and-research-fellowships](http://www.sesync.org/sabbatical-and-research-fellowships). Deadlines: May 15, 2019; October 15, 2019
• **Spencer Foundation - Lyle Spencer Research Awards.** This program supports intellectually ambitious research projects oriented to improving the practice of education. For more information, visit [https://www.spencer.org/grant_types/lyle-spencer-research-awards](https://www.spencer.org/grant_types/lyle-spencer-research-awards). Deadline: May 22, 2019 (letter of intent)

• **Russell Sage Foundation - Immigration and Immigrant Integration.** This opportunity seeks to support innovative research on the effects of race, citizenship, legal status and politics, political culture and public policy on outcomes for immigrants and for the native-born of different racial and ethnic groups and generations. This initiative falls under RSF’s Race, Ethnicity, and Immigration Program and represents a special area of interest within the core program, which continues to encourage proposals on a broader set of issues. For more information, visit [http://www.russellsage.org/special-initiatives/immigration-and-immigrant-integration](http://www.russellsage.org/special-initiatives/immigration-and-immigrant-integration). Deadline: May 23, 2019 (letters of inquiry)

• **U.S. Department of State, U.S. Mission to Bosnia and Herzegovina - BOLD (BIH Omladinski Lideri, Bosnia and Herzegovina Young Leaders) Program.** BOLD Academic Fellowships are intensive academic programs that provide groups of foreign undergraduate students with in-depth leadership training in a specific area with the objective of equipping them with the skills needed to identify aspects of their communities where change is needed, plan a course of action to be a leader in that change, and implement a project to that effect. Interethnic cooperation skills and hands-on experience are essential components for reaching that objective. As is a deeper understanding of U.S. society, civic institutions, and practices of volunteerism, including the influence of principles and values such as democracy, the rule of law, individual rights, freedom of expression, equality, diversity, and tolerance. For more information, visit [https://www.grants.gov/web/grants/view-opportunity.html?oppId=314535](https://www.grants.gov/web/grants/view-opportunity.html?oppId=314535). Deadline: May 31, 2019

• **Antipode Foundation - Scholar-Activist Project Awards.** These awards are intended to support collaborations between academics, non-academics and activists (from NGOs, think tanks, social movements, or community grassroots organisations, among other places) that further radical analyses of geographical issues and engender the development of a new and better society. They are aimed at promoting programmes of action-research, participation and engagement, cooperation and co-enquiry, and more publicly-focused forms of geographical investigation. The sponsor strives to fund work that leads to the exchange of ideas across and beyond the borders of the academy, and builds meaningful relationships and productive partnerships. For more information, visit [https://antipodefoundation.org/scholar-activist-project-awards/](https://antipodefoundation.org/scholar-activist-project-awards/). Deadline: May 31, 2019

• National Science Foundation - Dear Colleague Letter: NSF ENG, GEO, and SBE Directorates Accepting Proposals for Research Related to the 2018 Hurricane Season. Through this Dear Colleague Letter (DCL), the Directorates for Engineering (ENG), Geosciences (GEO), and the Social, Behavioral and Economic Sciences (SBE) encourage the submission of proposals that address challenges related to Hurricane Florence, similar events that could occur in the coming weeks, and their aftermaths. These directorates support fundamental science and engineering research projects whose results enable families, communities, businesses, institutions, and governments to better prepare for, respond to, and recover from future catastrophic events. With this DCL, NSF seeks to support research on new science and engineering questions posed by such natural disasters, primarily those that require immediate, time-sensitive data collection and other research activities to advance basic science. For more information, visit https://www.nsf.gov/pubs/2019/nsf19011/nsf19011.jsp?WT.mc_id=USNSF_25&WT.mc_ev=click. Deadline: Investigators must contact the ENG, GEO, or SBE Program Officer most closely related to the proposal topic before submitting to determine if the proposed activities meet NSF’s guidelines for these types of submissions or whether the proposed work is more suitable for submission as a regular research proposal.

• Millennium Challenge Corporation - Partnerships with MCC Program. This annual program statement has been issued in order to develop partnerships with organizations that share compact and threshold program and MCC institutional goals and align with the needs of MCC’s current portfolio. MCC partnerships take many forms and benefit both MCC and our partner organizations by increasing our respective access to cutting-edge research, knowledge, data, technologies, networks and expertise, as well as co-funding. Partnerships can help open new markets, scale programs, drive innovation, and transform the lives of people around the world. Successful partnerships are expected to involve collaboration between MCC and partner staff and support MCC’s ability to achieve its mission and programmatic goals. PAPPG (NSF 19-1) Policy Updates and New Automated Proposal Compliance Checks Coming to FastLane and Research.gov on February 25

Dear Colleagues:

Effective February 25, 2019, the National Science Foundation (NSF) will implement changes in FastLane and Research.gov to support the policy updates in the Proposal & Award Policies & Procedures Guide (PAPPG) (NSF 19-1) and to run new automated proposal compliance checks. The implementation date for the revised PAPPG (NSF 19-1) originally scheduled for January 28, 2019, has been delayed to February 25, 2019, due to the recent lapse in appropriations (December 22, 2018 through January 25, 2019).
Please refer to the complete list of PAPPG (NSF 19-1) significant changes and clarifications which include the IT system changes and applicable business rule updates. System references and links will be updated to corresponding references and links in the PAPPG (NSF 19-1) as appropriate.

The following PAPPG (NSF 19-1) updates will be incorporated:

**New Proposal Cover Sheet Checkboxes in FastLane, Research.gov, and Grants.gov:**
- A new checkbox will be added to the proposal Cover Sheet to indicate funding for an international branch campus of a U.S. Institution of Higher Education (IHE), including through use of subawards or consultant arrangements. Please see PAPPG (19-1), Chapter I.E.1 for more information.
- A new checkbox also will be added to the proposal Cover Sheet to denote funding of a foreign organization, including through use of subawards or consultant arrangements. Please see PAPPG (19-1), Chapter I.E.6 for further information.
- An error message will be received if either checkbox is selected but a corresponding country name is not entered.
- Research.gov compliance checks are triggered by the “Allow SPO/AOR access” and “Submit” to NSF functions. The complete list of Research.gov automated compliance checks effective February 25, 2019, will be available on the NSF.gov Automated Compliance Checking of NSF Proposals webpage.

**Proposal Preparation and Submission via the NSF Research.gov System:**
- The PAPPG (NSF 19-1) incorporates proposal preparation and submission in Research.gov as an alternative to the NSF FastLane System. Proposals may also be submitted to NSF via Grants.gov.
- On-screen instructions in Research.gov may vary from what is stated in the PAPPG (NSF 19-1); however, the content requirements of the proposal remain the same. Proposers using Research.gov for proposal submission must follow the on-screen instructions.
- Additional information about proposal preparation and submission in Research.gov, including Frequently Asked Questions (FAQs) and training videos, is available on the About Research.gov Proposal Preparation and Submission webpage.

**Separation of the "Center/Research Infrastructure" Proposal Type:**
- The "Center/Research Infrastructure" proposal type will be separated into a "Center" proposal type and a "Research Infrastructure" proposal type in FastLane and Grants.gov. These proposal types are not yet available for submission in Research.gov.
- FastLane will run automated compliance checks for these proposal types and will generate an error or warning when the submission validation compliance checks are not met.
- FastLane automated compliance checks are run during “Check Proposal,” “Forward to SPO,” and “Submit Proposal.” The complete list of FastLane automated compliance checks effective February 25, 2019, will be available on the NSF.gov Automated Compliance Checking of NSF Proposals webpage.

**Note about PFUs:**
The automated compliance checks also apply when a proposal file update (PFU) is performed on a proposal. The compliance checks will be run on all sections of the proposal, regardless of which section was updated during the PFU. Proposers should be aware that if a proposal was previously submitted successfully, a PFU performed on the proposal will be prevented from submission if the proposal does not comply with the compliance checks in effect at the time.

Please share this information with your colleagues. To learn about the changes in the revised PAPPG (NSF 19-1), please view the latest NSF Proposal & Award Policy Update webinar.

For IT system-related questions, please contact the NSF Help Desk at 1-800-381-1532 (7:00 AM - 9:00 PM ET; Monday - Friday except federal holidays) or via email to rgov@nsf.gov. Policy-related questions should be directed to policy@nsf.gov.

The FastLane & Research.gov Team at the National Science Foundation

FOR NSF PROPOSAL WRITERS!
There are **new NSF requirements for PDFs submitted** via Fastlane and Research.gov, however this is NOT stated clearly in the Proposal Application Guide (PAPPG). NSF now requires document to be saved in “PDF/A” format, which is ISO compliant prior to upload. To produce a PDF/A document in Adobe Pro, click: File > Save As > More Options > PDF/A.

“PDF/A is an ISO-standardized version of the Portable Document Format (PDF) specialized for use in the archiving and long-term preservation of electronic documents. PDF/A differs from PDF by prohibiting features unsuitable for long-term archiving, such as font linking (as opposed to font embedding) and encryption.[1] The ISO requirements for PDF/A file viewers include color management guidelines, support for embedded fonts, and a user interface for reading embedded annotations.”

**RESOURCE REMINDER: SPIN Grants Database**

**SPIN** (Sponsored Programs Information Network) provides up-to-date information on current national and international government and private funding sources, including fellowships, research grants, publication support, sabbatical support, curriculum development, and more. Accessible to anybody on campus using Dickinson’s internet connection. SPIN is also accessible to anybody off campus after a SPIN profile has been established. If you would like to create a SPIN profile and receive summaries of grant opportunities based on keywords related to your research sent automatically to you by email, please contact Ben.

Check out the helpful SPIN training videos at https://spin.infoedglobal.com/Home/TrainingVideos (suggested browsers: Google Chrome or Mozilla Firefox).

If you find a funding opportunity using SPIN, notify Glen or Ben so that we can assist you with the proposal preparation and submission processes.

**Grant reviewer’s suggestion:** Faculty need to ensure that their websites are up-to-date at all times. Reviewers often refer to these websites when reviewing proposals.

**IMPORTANT INFORMATION FROM FINANCIAL OPERATIONS**

• **Summer 2019 Student Research Projects Logistics**: Arrangements are being made **now**! To finalize budgetary and living arrangements for students and faculty involved in summer 2019 projects, contact Christine Hock (x8354) in Financial Operations for external grant support projects, or Ellen Pfarr (x1928) for College/R&D-supported research.

Ensuring that all awards and grants are duly recognized by the college and properly reflected in the financial records is important. All award funds should go directly to the College Advancement Office so that we can process them in Banner. The Gift Recorder (Jen Acuna) enters the funds in Banner so that they are recorded in College Advancement’s records and in the financial records in accounts restricted for that award. The College Advancement and Financial Operations offices work together closely to make sure this process captures all college awards. If you receive an award, please make sure to contact one of these offices.

• **Cost Share Guidelines**: If a proposal requires cost sharing, the commitment of institutional resources must be noted on the **External Grant Notification/Clearance Form** that is circulated among the senior officers of the college for approval. If the college receives the award that includes cost sharing in the approved budget, the college is obligated to record these costs in the financial records and these cost share expenses are subject to audit. Please be sure to discuss cost sharing with the Sponsored Projects Office and/or Financial Operations offices prior to submitting proposals.

Every grant or award has a unique account number (called FOAPAL) to track activity specific to that award. These numbers are assigned by Financial Operations when award letters are received. Christine Hock tracks activity in accounts and sends quarterly spreadsheets to Financial Managers for their information and review. As a Financial Manager, you have the ability to review real time expenditures via Banner Self-Service. Please contact Miriam McMechen to inquire about Self-Service training offerings and direct specific questions about finances on awards to Christine.

If you have recommendations about information that would be useful for managing your grants (additional analysis, open sessions, Banner training, one-on-one assistance, etc.), please contact Christine Hock.
