• National Science Foundation - Future of Work at the Human-Technology Frontier: Core Research. For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=322424. Deadline: March 9, 2020

• National Institutes of Health - Research on biopsychosocial factors of social connectedness and isolation on health, wellbeing, illness, and recovery (R01 Clinical Trials Not Allowed). For more information, visit https://grants.nih.gov/grants/guide/pa-files/PAR-19-373.html. Deadlines: March 17, 2020; March 17, 2021

• National Institutes of Health - Research on biopsychosocial factors of social connectedness and isolation on health, wellbeing, illness, and recovery (R01 Basic Experimental Studies with Humans Required). For more information, visit https://grants.nih.gov/grants/guide/pa-files/PAR-19-384.html. Deadlines: March 17, 2020; March 17, 2021

• U.S. Department of Defense, DARPA/Defense Sciences Office - DSO Office-wide Broad Agency Announcement. For innovative basic or applied research concepts that address one or more of the following technical domains: (1) Frontiers in Math, Computation and Design, (2) Limits of Sensing and Sensors, (3) Complex Social Systems, and (4) Anticipating Surprise. For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=316971. Deadline: June 12, 2020

• American Sociological Association - Fund for the Advancement of the Discipline. For more information, visit http://www.asanet.org/funding/fad.cfm. Deadlines: June 15, 2020; December 15, 2020

• National Science Foundation - Archaeology and Archaeometry. For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=11690&WT.mc_id=USNSF_39&WT.mc_ev=click. Deadlines: July 1, 2020 (Archaeology); December 1, 2020 (Archaeometry); December 21, 2020 (Archaeology)

• National Science Foundation - The Science of Learning and Augmented Intelligence Program. For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505731. Deadline: July 8, 2020

• National Science Foundation - Developmental Sciences. This opportunity supports fundamental research that increases our understanding of cognitive, linguistic, social, cultural, and biological processes related to children’s and adolescents’ development and learning. Research supported by this program will add to our basic knowledge of how people learn and the underlying developmental processes that support learning, social functioning, and productive
lives as members of society. For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=8671. Deadline: July 15, 2020

- **National Science Foundation - Social Psychology.** For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5712. Deadlines: July 15, 2020; January 15, 2021

- **National Science Foundation - Biological Anthropology.** For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5407. Deadlines: July 20, 2020; January 20, 2021

- **National Science Foundation - Sociology.** For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5369. Deadlines: August 17, 2020; January 15, 2021

- **National Science Foundation - Cultural Anthropology Program Senior Research Awards.** For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505513. Deadlines: August 17, 2020; January 15, 2021

- **National Science Foundation - Political Science.** For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5418. Deadlines: August 17, 2020; January 15, 2021

- **National Science Foundation - Security and Preparedness.** For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505712. Deadlines: August 17, 2020; January 15, 2021

- **National Science Foundation - Decision, Risk and Management Sciences.** For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5423. Deadlines: August 18, 2020; January 17, 2021

- **National Science Foundation - Economics.** For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5437. Deadlines: August 18, 2020; January 18, 2021

- **National Science Foundation - Research Experiences for Undergraduates.** For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5517&WT.mc_id=USNSF_39&WT.mc_ev=click. Deadline: August 26, 2020

- **National Science Foundation - Geography and Spatial Sciences Program.** For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505034. Deadline: September 3, 2020

- **National Science Foundation - CNH2: Dynamics of Integrated Socio-Environmental Systems.** For more information, visit https://www.nsf.gov/pubs/2019/nsf19528/nsf19528.htm. Deadlines: September 17, 2020 (required letter of intent); November 15, 2020 (full proposal)

• **National Science Foundation - Major Research Instrumentation Program (MRI).** This program serves to increase access to shared scientific and engineering instruments for research and research training in our Nation’s institutions of higher education, not-for-profit museums, science centers and scientific/engineering research organizations. The program provides organizations with opportunities to acquire major instrumentation that supports the research and research training goals of the organization and that may be used by other researchers regionally or nationally. For more information, visit [https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5260](https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5260). Deadline: January 19, 2021

• **National Institutes of Health - NIH Research Project Grant (Parent R01 Basic Experimental Studies with Humans Required).** For more information, visit [https://www.grants.gov/web/grants/view-opportunity.html?oppId=310623](https://www.grants.gov/web/grants/view-opportunity.html?oppId=310623). Deadline: January 7, 2022

• **National Science Foundation - Research Coordination Networks (RCN).** The goal of the RCN program is to advance a field or create new directions in research or education by supporting groups of investigators to communicate and coordinate their research, training and educational activities across disciplinary, organizational, geographic and international boundaries. The RCN program provides opportunities to foster new collaborations, including international partnerships, and address interdisciplinary topics. Innovative ideas for implementing novel networking strategies, collaborative technologies, training, broadening participation, and development of community standards for data and meta-data are especially encouraged. For more information, visit [https://www.nsf.gov/pubs/2017/nsf17594/nsf17594.htm](https://www.nsf.gov/pubs/2017/nsf17594/nsf17594.htm). Deadline: proposals accepted anytime

• **National Science Foundation - High-Risk Research in Biological Anthropology and Archaeology.** For more information, visit [https://www.nsf.gov/pubs/2019/nsf19570/nsf19570.htm](https://www.nsf.gov/pubs/2019/nsf19570/nsf19570.htm). Deadline: proposals accepted anytime

• **Smith Richardson Foundation Accepting Applications for Domestic Public Policy Program.** For more information, visit [https://www.srf.org/programs/domestic-public-policy/](https://www.srf.org/programs/domestic-public-policy/). Deadline: open (concept paper)

**Division III (See also “All College” listings, as they may apply to your interests)**

• **National Research Council - Research Associateship Programs.** For more information, visit [http://sites.nationalacademies.org/pga/rap/](http://sites.nationalacademies.org/pga/rap/). Deadlines: February 1, 2020; May 1, 2020; August 1, 2020; November 1, 2020

• **National Institutes of Health - Innovations to Foster Healthy Longevity in Low-Income Settings (R03 Clinical Trial Not Allowed).** For more information, visit [https://www.grants.gov/web/grants/view-opportunity.html?oppId=321838](https://www.grants.gov/web/grants/view-opportunity.html?oppId=321838). Deadline: February 3, 2020

• National Science Foundation - Environmental Convergence Opportunities in Chemical, Bioengineering, Environmental, and Transport Systems. For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505748&WT.mc_id=USNSF_39&WT.mc_ev=click. Deadlines: February 12, 2020 (required preliminary proposal); April 30, 2020 (full proposal); February 12, 2021 (required preliminary proposal); April 30, 2021 (full proposal)

• National Science Foundation - Physical Oceanography. For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=12729. Deadlines: February 18, 2020; August 17, 2020

• National Science Foundation - Chemical Oceanography. For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=11698. Deadlines: February 18, 2020; August 17, 2020

• National Science Foundation - Biological Oceanography. For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=11696. Deadlines: February 18, 2020; August 17, 2020

• U.S. Department of Defense, Dept of the Army - Materiel Command - Staff Research Program. The purpose of the program is to enable the Army Research Office (ARO) scientific staff to maintain and expand professional competence in support of fulfilling the ARO mission through the conduct of personal, staff research. The staff research will be performed collaboratively with institutions external to ARO. Staff research efforts will involve scientific study directed toward advancing the state-of-the-art or increasing knowledge and scientific understanding in engineering, physical, life, and information sciences, when there is an intersection with the interests and capabilities of the participating external institutions in these basic research areas. For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=314236. Deadline: February 19, 2020

• National Science Foundation - Future of Work at the Human-Technology Frontier: Core Research. For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=322424. Deadline: March 9, 2020

• Eppley Foundation for Research, Inc. - Support for Advanced Scientific Research. For more information, visit http://foundationcenter.org/grantmaker/eppley/. Deadlines (letters of inquiry): March 15, 2020; September 15, 2020

• National Institutes of Health - Summer Research Education Experience Program (R25 Clinical Trial Not Allowed). For more information, visit https://grants.nih.gov/grants/guide/pa-files/PAR-19-197.html. Deadlines (letters of intent should be submitted 30 days prior to application due date): March 17, 2020; March 17, 2021

• Whitehall Foundation - Research Grants. This opportunity is available to established scientists of all ages working at accredited institutions in the U.S. For more information, visit http://www.whitehall.org/grants/. Deadlines (letters of intent): April 15, 2020; October 1, 2020; January 15, 2021

• Whitehall Foundation - Grants-in-Aid. This opportunity is designed for researchers at the assistant professor level who experience difficulty in competing for research funds because they have not yet become firmly established. For more information, visit http://www.whitehall.org/grants/. Deadlines (letters of intent): April 15, 2020; October 1, 2020; January 15, 2021

• National Science Foundation - Expeditions in Computing. For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=503169. Deadlines: April 22, 2020 (required preliminary proposal); January 20, 2021 (full proposal)

• U.S. Department of Defense, DARPA/Defense Sciences Office - DSO Office-wide Broad Agency Announcement. For innovative basic or applied research concepts that address one or more of the following technical domains: (1) Frontiers in Math, Computation and Design, (2) Limits of Sensing and Sensors, (3) Complex Social Systems, and (4) Anticipating Surprise. For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=316971. Deadline: June 12, 2020

• National Science Foundation - Prediction of and Resilience against Extreme Events (PREEVENTS). For more information, visit https://www.nsf.gov/pubs/2016/nsf16562/nsf16562.htm. Deadline: July 31, 2020 (required letter of intent); September 15, 2020 (full proposal)

• National Science Foundation - Research Experiences for Undergraduates. For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5517&WT.mc_id=USNSF_39&WT.mc_ev=click. Deadline: August 26, 2020

• National Science Foundation - Research Experiences for Undergraduates. For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=320355. Deadline: September 5, 2020
- **National Science Foundation - Mathematical Biology.** For more information, visit [https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5690](https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5690). Deadlines: September 8, 2020; September 5, 2021

- **National Science Foundation - Computer and Information Science and Engineering: Core Programs.** For more information, visit [https://www.nsf.gov/pubs/2019/nsf19589/nsf19589.htm](https://www.nsf.gov/pubs/2019/nsf19589/nsf19589.htm). Deadlines: September 14, 2020 (medium projects); September 23, 2020 (large projects); November 12, 2020 (small projects)

- **National Science Foundation - Computational and Data-Enabled Science and Engineering in Mathematical and Statistical Sciences.** For more information, visit [https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=504687](https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=504687). • National Institutes of Health - Research to Action: Assessing and Addressing Community Exposures to Environmental Contaminants (R01 Clinical Trial Optional). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=322318. Deadline: December 4, 2020

• National Institutes of Health - Pre-application: Opportunities for Collaborative Research at the NIH Clinical Center (X02 Clinical Trial Optional). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=309434. Deadline: December 11, 2020

• National Science Foundation - Statistics. For more information, visit http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5556. Deadline: December 15, 2020

• National Institutes of Health - Ruth L. Kirschstein National Research Service Award (NRSA) Short-Term Institutional Research Training Grant (Parent T35). NIH and its participating Institutes and Centers invite applications for Ruth L. Kirschstein NRSA Short-Term Institutional Research Training Grants from eligible, domestic institutions to develop and/or enhance research training opportunities for predoctoral students interested in careers in biomedical, behavioral, or clinical research. Many NIH Institutes and Centers use this NRSA program exclusively to support intensive, short-term research training experiences for health professional students (medical students, veterinary students, and/or students in other health-professional programs) during the summer. This program is also intended to encourage training of graduate students in the physical or quantitative sciences to pursue research careers by short-term exposure to, and involvement in, the health-related sciences. The training should be of sufficient depth to enable the trainees, upon completion of the program, to have a thorough exposure to the principles underlying the conduct of biomedical research. This Funding Opportunity Announcement does not allow appointed Trainees to lead an independent clinical trial but does allow them to obtain research experience in a clinical trial led by a mentor or co-mentor. This program will use the NIH T35 NRSA Short-Term Research Training award mechanism. For more information, visit https://grants.nih.gov/grants/guide/pa-files/PA-18-404.html. Deadline: January 8, 2021 (expiration date)

• National Science Foundation - Major Research Instrumentation Program (MRI). This program serves to increase access to shared scientific and engineering instruments for research and research training in our Nation’s institutions of higher education, not-for-profit museums, science centers and scientific/engineering research organizations. The program provides organizations with opportunities to acquire major instrumentation that supports the research and research training goals of the organization and that may be used by other researchers regionally or nationally. For more information, visit https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5260. Deadline: January 19, 2021

• National Institutes of Health - Opportunities for Collaborative Research at the NIH Clinical Center (U01 Clinical Trial Optional). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=309426. Deadline: April 15, 2021

• National Institutes of Health - Clinical and Translational Science Award (U54 Clinical Trial Optional). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=309294. Deadline: August 15, 2021

• National Institutes of Health - Ethical Issues in Translational Science Research (R01 Clinical Trial Optional). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=321861. Deadline: October 6, 2021

• National Institutes of Health - Research Project Grant (Parent R01 Clinical Trial Not Allowed). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=310156. Deadline: January 7, 2022

• National Institutes of Health - Research Project Grant (Parent R01 Clinical Trial Required). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=310141. Deadline: January 7, 2022

• National Institutes of Health - NIH Research Project Grant (Parent R01 Basic Experimental Studies with Humans Required). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=310623. Deadline: January 7, 2022

• National Institutes of Health - NIH Small Research Grant Program (Parent R03 Clinical Trial Not Allowed). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=310158. Deadline: January 7, 2022

• National Institutes of Health - NIH Exploratory/Developmental Research Grant Program (Parent R21 Clinical Trial Required). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=310139. Deadline: January 7, 2022

• National Institutes of Health - Ruth L. Kirschstein National Research Service Award (NRSA) Individual Senior Fellowship (Parent F33). This opportunity provides senior individual research training fellowships to experienced scientists who wish to make major changes in the direction of their research careers or who wish to broaden their scientific background by acquiring new research capabilities as independent investigators in research fields relevant to the missions of participating NIH Institutes and Centers. For more information, visit https://grants.nih.gov/grants/guide/pa-files/PA-19-187.html. Deadline: January 8, 2022 (expiration date)

• National Institutes of Health - Focused Technology Research and Development (R01 - Clinical Trial Not Allowed). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=314855. Deadline: May 7, 2022

• National Institutes of Health - Exploratory Research for Technology Development (R21 - Clinical Trial Not Allowed). For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=314858. Deadline: May 7, 2022

• National Institutes of Health - Summer Research Education Experience Program (Clinical Trials Not Allowed R25). This program supports research education activities in the mission areas of the NIH. The over-arching goal of this R25 program is to support educational activities that foster a better understanding of biomedical, behavioral and clinical research and its implications. To accomplish the stated over-arching goal, this FOA will support creative educational activities with a primary focus on research experiences for high school or undergraduate students or science teachers during the summer academic break. The proposed program needs to fit within the mission of the participating IC that the application is being submitted to and should not have a general STEM focus. For more information, visit https://grants.nih.gov/grants/guide/pa-files/PAR-19-164.html. Deadline: September 7, 2022

ALL COLLEGE

• National Endowment for the Humanities - Summer Programs (ATTEND). The NEH offers tuition-free opportunities for higher education faculty to study a variety of humanities topics. Stipends of $1,200-$3,300 help cover expenses for these one- to four-week programs. For more information and application instructions, please visit the websites for individual programs. Links are provided in the Grant News & Updates section of this newsletter. To visit the main website, visit https://www.neh.gov/divisions/education/summer-programs. Deadline: March 1, 2020

• National Institutes of Health - Pilot Projects Enhancing Utility and Usage of Common Fund Data Sets (R03 Clinical Trial Not Allowed). Several valuable and widely available data sets have been generated by multiple Common Fund programs. The purpose of this funding opportunity announcement is to announce the availability of funding to demonstrate and enhance the utility of selected Common Fund data sets, including generating hypotheses and catalyzing discoveries. Award recipients are also asked to provide feedback on the utility of the Common Fund
data resources. For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=322418. Deadline: March 19, 2020

- **U.S. Department of Agriculture, National Institute of Food and Agriculture - Higher Education Challenge Grants Program.** Projects supported by this program will: (1) address a state, regional, national, or international educational need; (2) involve a creative or non-traditional approach toward addressing that need that can serve as a model to others; (3) encourage and facilitate better working relationships in the university science and education community, as well as between universities and the private sector, to enhance program quality and supplement available resources; and (4) result in benefits that will likely transcend the project duration and USDA support. For more information, visit https://nifa.usda.gov/funding-opportunity/higher-education-challenge-hec-grants-program. Deadline: March 23, 2020

- **Yale University, The Medical Historical Library of the Harvey Cushing/John Hay Whitney Medical Library - Research Travel Award.** The Ferenc Gyorgyey Research Travel Grant is available to historians, medical practitioners, and other researchers outside of Yale who wish to use the Historical collections of the Harvey Cushing/John Hay Whitney Medical Library. In any given year the award is up to $1,500 for one week of research. Funds may be used for transportation, housing, food, and photographic reproductions. The award is limited to residents of the United States and Canada. For more information, visit: https://library.medicine.yale.edu/historical/research/grant. Deadline: May 1, 2020.

- **U.S. Department of Health and Human Services, Administration for Children and Families - OPRE Head Start University Research Partnerships.** The Office of Planning, Research and Evaluation (OPRE), within the Department of Health and Human Services Administration for Children and Families, is considering a grant program for Head Start University Partnerships to support research projects that will contribute to understanding and knowledge of Head Start. Funds for Head Start University Partnership grants will support research jointly planned and executed by university researchers and Head Start programs. Applicants will be required to demonstrate a formal partnership with one or more Head Start program. The grants will be focused on a specific topic or topics that align with the priorities of the Office of Head Start. When the full Funding Opportunity Announcement is published, specific priority topic(s) will be identified. This grant program seeks to stimulate systematic, programmatic, multidisciplinary research. It is expected that research studies and programs stimulated by this initiative will contribute scientific data that inform a number of practice and policy issues. Grantees will be expected to participate in a consortium of grantees, meeting annually and communicating regularly to share lessons learned, identify opportunities for collaborative analyses, and to develop collective expertise and resources to be shared with the field at large. Establish an account with grants.gov and subscribe to this forecast to receive notification of updates. For more information about this forecasted opportunity, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=321777. Estimated deadline: May 13, 2020

- **U.S. Department of State, U. S. Mission to Gambia - U.S. Embassy Banjul PAS Annual Program Statement.** This opportunity invites proposals for programs that strengthen cultural ties between the United States and The Gambia through cultural and exchange programming that highlights shared values and promotes bilateral cooperation. All programs must include an American cultural element, or connection with American expert/s, organization/s, or institution/s in a specific field that will promote increased understanding of U.S. policy and perspectives. For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=321859. Deadline: June 15, 2020

- **National Endowment for the Humanities - Digital Humanities Advancement Grants.** The program supports innovative, experimental, and/or computationally challenging digital projects at different stages of their lifecycles, from early start-up phases through implementation and sustainability. Experimentation, reuse, and extensibility are hallmarks of this program, leading to work that can scale to enhance scholarly research, teaching, and public programming in the humanities. For more information, visit https://www.grants.gov/web/grants/view-opportunity.html?oppId=322055. Deadline: June 30, 2020

GRANT NEWS & UPDATES

• NOTICE OF RATE CHANGE: Note that the cost rate for reassigned times on external grant proposals has changed from $4,600 per reassigned time to 12% of base annual salary per reassigned time. This new policy was effective on 6/1/2018 and revised to comply and remain consistent with Federal regulations elucidated in the “Uniform Guidance” 2 CFR 200. This rate will be used for all new external grants: corporate, foundation and government. All proposals submitted prior to 6/1/2018 have been grandfathered such that they maintain the prior rate of $4,600 per release. As is standard practice for our office, all release time requests must be approved by the Provost.

• REMINDER ON OUTGOING FUNDING PROPOSALS: Please remember to inform the Sponsored Projects Office (Glen or Ben) of all your outgoing funding proposals. This includes those which are institutionally sponsored, or if they are for grants, fellowships, residencies, prizes or other sabbatical or research support that might come to you directly. This is a responsibility of faculty members according to the Faculty Handbook Chapter I, Sect. IV, Part A.1-3, and in Sponsored Project Policies in the Campus Policies Manual under “Approval and Submission of Proposals” (link to PDF download).
  You are also required to lodge a copy of your proposal with the Sponsored Projects Office. This information assists in the preparation of College and community-wide publicity, and helps your colleagues learn of your scholarly work and have an opportunity to learn of its depth and breadth. It can also be be highly useful for pre-tenure and tenure reviews, promotions, salary increases, awards, and conferral of named chairs.
  Please help your colleagues celebrate your scholarly efforts and your successes!

• Do you have your ORCID iD?*

Have you ever searched for abstracts of funded grants or journal articles by an author with a common name, like John Smith, and been frustrated by the need to refine your search to eliminate the abstracts/articles by a different John Smith? Or have you tried to find multiple works by an author who has changed his/her last name several times? Databases and repositories have a variety of tools to mitigate challenges associated with same names and name changes, but a service increasingly used both by publishers and granting agencies promises to make the process easier. This tool is called ORCID (pronounced, though not spelled, like the flower).

An ORCID identifier (iD) is a sixteen-character alphanumeric string that, like a social security number, uniquely identifies you as a researcher. Unlike a social security number, however, an ORCID iD is designed to be used publicly. Much like a grant award number identifies a specific project with a specific funder, the ORCID iD identifies scholarly work (for example, grant proposals/awards and publications) with a specific individual.

Why register for an ORCID iD?
Both funding agencies and publishers are increasingly using ORCID iDs to identify researchers. Currently, having an ORCID iD is optional for most agencies, but as more organizations rely on ORCID iDs as unique identifiers, it is likely to be required in the future. If you register now, you can list existing publications and/or grants in your ORCID record, thereby getting ahead of any future requirements.

Can someone else register me for an ORCID iD?
No. As noted in ORCIDs Terms and Conditions, “You may not obtain an ORCID ID and create an ORCID Record for anyone other than yourself.” (ORCID Terms and Conditions of Use, 2015).

How do I register for my ORCID iD?
You can register for your ORCID iD on this Webpage: orcid.org/register.

*Special thanks to Katie Plum, Angelo State University's Director of Sponsored Projects for allowing the above information to be used/revised.

Revised Policies and Procedures Guide (PAPPG) for use in 2020

Dear Colleagues:

The National Science Foundation is currently working to finalize a revised Proposal and Award Policies and Procedures Guide (PAPPG) for use in 2020. We anticipate that the revised PAPPG will be released in the coming months and, as is standard practice, will be effective 90 days after its release.

We wanted to highlight some important information to assist the community in preparing for this new PAPPG as it relates to the preparation and submission of the Biographical Sketch and Current and Pending Support sections of NSF proposals that fall under this revised PAPPG.

• NSF is partnering with the National Institutes of Health (NIH) to use SciENcv: Science Experts Network Curriculum Vitae as an NSF-approved format for use in preparation of both the Biographical Sketch and Current and Pending Support sections of an NSF proposal.

• Use of an NSF-approved format for the Biographical Sketch and Current and Pending Support documents will be required upon implementation of the PAPPG. NSF is encouraging proposers to begin using SciENcv for preparation of the Biographical Sketch now.

• SciENcv allows proposers to integrate their ORCiD to enable pre-population for the Biographical Sketch. Additional information is available on the ORCiD website.

• SciENcv will produce NSF-compliant PDF versions of these documents. Proposers must save these documents and submit them as part of their proposals via FastLane, Research.gov or Grants.gov.

• Additional resources including video tutorials are available on the SciENcv website.

NSF will continue to communicate with the community regarding the 2020 PAPPG and will provide further notice to the community as soon as the revised PAPPG is released. We encourage you to sign up for notifications about future PAPPG implementation webinars. In the meantime, proposers should continue to follow the guidance in the current PAPPG, (19-1).
Please direct any further questions to policy@nsf.gov.

Regards,

The National Science Foundation

FOR NSF PROPOSAL WRITERS!
There are new NSF requirements for PDFs submitted via Fastlane and Research.gov, however this is NOT stated clearly in the Proposal Application Guide (PAPPG). NSF now requires document to be saved in “PDF/A” format, which is ISO compliant prior to upload. To produce a PDF/A document in Adobe Pro, click: File > Save As > More Options > PDF/A.

“PDF/A is an ISO-standardized version of the Portable Document Format (PDF) specialized for use in the archiving and long-term preservation of electronic documents. PDF/A differs from PDF by prohibiting features unsuitable for long-term archiving, such as font linking (as opposed to font embedding) and encryption. The ISO requirements for PDF/A file viewers include color management guidelines, support for embedded fonts, and a user interface for reading embedded annotations.”

- **RESOURCE REMINDER: SPIN Grants Database**

  SPIN (Sponsored Programs Information Network) provides up-to-date information on current national and international government and private funding sources, including fellowships, research grants, publication support, sabbatical support, curriculum development, and more. Accessible to anybody on campus using Dickinson’s internet connection. SPIN is also accessible to anybody off campus after a SPIN profile has been established. If you would like to create a SPIN profile and receive summaries of grant opportunities based on keywords related to your research sent automatically to you by email, please contact Ben. Check out the helpful SPIN training videos at [https://spin.infoedglobal.com/Home/TrainingVideos](https://spin.infoedglobal.com/Home/TrainingVideos) (suggested browsers: Google Chrome or Mozilla Firefox).

  If you find a funding opportunity using SPIN, notify Glen or Ben so that we can assist you with the proposal preparation and submission processes.

- **Grant reviewer’s suggestion:** Faculty need to ensure that their websites are up-to-date at all times. Reviewers often refer to these websites when reviewing proposals.

**IMPORTANT INFORMATION FROM FINANCIAL OPERATIONS**

• By the end of January, Principal Investigators should have received the quarterly financial spreadsheets for quarter ending 12/31/2019 for their awards. Please use these spreadsheets to view the overall grant financial activity for the current year and the grant in total, making sure the expenses are occurring as budgeted and/or expected. To view detailed transactions and keep updated on all charges, use the Self Service function in Banner. This function allows you to review transactions and see the originating document. Contact Stephen Moul if you have any questions or concerns on the financial activity of your award.

• Ensuring that all awards and grants are duly recognized by the college and properly reflected in the financial records is important. All award funds or notifications of wire/ACH transactions should be sent to Steve Moul in Financial Operations for proper identification and to coordinate deposit and recording within Banner. After identification, the Gift Recorder (Jen Acuna) will then enter the deposit in Banner to the fund restricted to that award and records them in the college’s Advancement’s records. The College Advancement and Financial Operations offices work together closely to make sure this process captures all college awards. If you receive an award, please be sure to contact Steve Moul to assist you in ensuring that your funding is accounted for properly from start to finish.
• **Cost Share Guidelines:** If a proposal requires cost sharing, the commitment of institutional resources must be noted on the [External Grant Notification/Clearance Form](https://www2.dickinson.edu/internal/cfr/103.1F2019.1.pdf) that is circulated among the senior officers of the college for approval. If the college receives the award that includes cost sharing in the approved budget, the college is obligated to record these costs in the financial records and these cost share expenses are subject to audit. Please be sure to discuss cost sharing with the [Sponsored Projects Office](http://www.dickinson.edu/info/20276/corporate.foundation_and.government.support/1932/sponsored_projects_office) and/or [Financial Operations](http://www.dickinson.edu/info/20276/corporate.foundation_and.government.support/2303/cost_rates_and_useful_information) offices prior to submitting proposals.

• Every grant or award has a unique account number (called FOAPAL) to track activity specific to that award. These numbers are assigned by Financial Operations when award letters are received. [Steve Moul](mailto:Steve.Moul@dickinson.edu) tracks activity in accounts and sends quarterly spreadsheets to Financial Managers for their information and review. As a Financial Manager, you have the ability to review real time expenditures via Banner Self-Service. Please contact [Miriam McMechen](mailto:Miriam.McMechen@dickinson.edu) to inquire about Self-Service training offerings and direct specific questions about finances on awards to [Steve Moul](mailto:Steve.Moul@dickinson.edu).

• If you have recommendations about information that would be useful for managing your grants (additional analysis, open sessions, Banner training, one-on-one assistance, etc.), please contact [Steve Moul](mailto:Steve.Moul@dickinson.edu).
