DIVISION III (See also “All College” listings, as they may apply to your interests)

- Whitehall Foundation - Research Grants. This opportunity is available to established scientists of all ages working at accredited institutions in the U.S. For more information, visit http://www.whitehall.org/grants/. Deadlines (letters of intent): January 15, 2014; April 15, 2014; October 1, 2014

- Whitehall Foundation - Grants-in-Aid. This opportunity is designed for researchers at the assistant professor level who experience difficulty in competing for research funds because they have not yet become firmly established. For more information, visit http://www.whitehall.org/grants/. Deadlines (letters of intent): January 15, 2014; April 15, 2014; October 1, 2014

- National Science Foundation - Division of Environmental Biology (core programs). For more information, visit http://www.nsf.gov/pubs/2013/nsf13508/nsf13508.htm. Deadlines: January 16, 2014 (preliminary proposal – required); August 2, 2014 (full proposal – by invitation only)

- National Science Foundation - Division of Integrative Organismal Systems (core programs). For more information, visit http://www.nsf.gov/pubs/2013/nsf13506/nsf13506.htm. Deadlines: January 17, 2014 (preliminary proposal - required); August 1, 2014 (full proposal – if invited)

- National Science Foundation - Major Research Instrumentation Program: Instrument Acquisition or Development. This program serves to increase access to shared scientific and engineering instruments for research and research training. This program especially seeks to improve the quality and expand the scope of research and research training in science and engineering, by supporting proposals for shared instrumentation that fosters the integration of research and education in research-intensive learning environments. Each MRI proposal may request support for the acquisition (Track 1) or development (Track 2) of a single research instrument for shared inter- and/or intra-organizational use; development efforts that leverage the strengths of private sector partners to build instrument development capacity at MRI submission-eligible organizations are encouraged. For more information, visit http://www.nsf.gov/pubs/2013/nsf13517/nsf13517.htm. Deadline: January 23, 2014

- **Council on Undergraduate Research (CUR)**
  - **CUR Registry of Undergraduate Researchers:**
    - The purpose of this registry is to facilitate matchmaking between undergraduates who have research experience and a desire to pursue an advanced degree, with graduate schools seeking high quality students who are well prepared for research. The Registry is open to students and graduate schools in the fields of Chemistry, Biochemistry, Biology, Physics/ Astronomy, Mathematics/Computer Science, Economics, Geosciences, Engineering, Psychology, Sociology, Humanities and Anthropology/Archaeology. Any undergraduate may go to [www.cur.org/ugreg/](http://www.cur.org/ugreg/) to fill out a simple curriculum vitae form. There is no charge to the student and records will be made available to bona fide Graduate Schools that contract with CUR for this service. Organizations or companies seeking the students’ information for other marketing purposes will not be granted access. Graduate School representatives may contact students to invite applications or visits to the campus and laboratory, or to share information about their research programs and financial support opportunities.
CUR List-serv:
In an effort to enhance communication between the divisions of CUR a number of divisions have established listservs. To subscribe to these listservs, please visit http://www.cur.org/curlsubscribe.html. In the future, periodic updates will be posted on these listservs and we hope that it will function as a two-way communication conduit between the Council and the broader CUR membership.

GRANT NEWS & UPDATES

- National Science Foundation Update: New PAPPG (NSF 14-1)
  - A letter from Jean Feldman, Head of NSF Policy Office:

Dear Colleagues,

A new version of the NSF Proposal & Award Policies & Procedures Guide (PAPPG), (NSF 14-1) has been issued. The PAPPG is comprised of documents relating to the Foundation's proposal and award process and consists of the:

(a) Grant Proposal Guide (GPG) for guidance on the preparation and submission of proposals to NSF; and

(b) Award & Administration Guide (AAG) to guide, manage, and monitor the award and administration of grants and cooperative agreements made by the Foundation.

This new version of the PAPPG will be effective for proposals submitted, or due, on or after February 24, 2014. Significant changes include:

- Addition to the certification regarding Conflict of Interest regarding the appropriate disclosure process;
- Reiteration that indirect costs are not allowed on participant support costs;
- Small-scale pilot of a new environmental impacts process with a few programs, prior to NSF-wide implementation;
- Updated process for program income reporting; and
- Numerous clarifications throughout the document.

A by-chapter summary of the changes is provided at the beginning of both the Grant Proposal Guide and the Award & Administration Guide to assist with identifying the changes.

While this version of the PAPPG becomes effective on February 24, 2014, in the interim, the guidelines contained in the current PAPPG (NSF 13-1) continue to apply. We will ensure that the current version of the PAPPG remains on the NSF website, with a notation to proposers that specifies when the new PAPPG (including a link to the new Guide) will become effective.
Please direct any questions to the Policy Office in the Division of Institution & Award Support at policy@nsf.gov, or (703) 292-8243.

Regards,

Jean Feldman

IMPORTANT INFORMATION FROM FINANCIAL OPERATIONS

- Ensuring that all awards and grants are duly recognized by the College and properly reflected in the financial records is important. All award funds should go directly to the College Advancement Office so that we can process them in Banner. The Gift Recorder (Joan Miller) enters the funds in Banner so that they are recorded in College Advancement's records and in the financial records in accounts restricted for that award. The College Advancement and Financial Operations offices work together closely to make sure this process captures all College awards. If you receive an award, please make sure to contact one of these offices.

- **Cost Share Guidelines:** If a proposal requires cost sharing, the commitment of institutional resources must be noted on the External Grant Notification/Clearance Form that is circulated among the senior officers of the College for approval. If the College receives the award that includes cost sharing in the approved budget, the College is obligated to record these costs in the financial records and these cost share expenses are subject to audit. Please be sure to discuss cost sharing with the Corporate, Foundation and Government Support and/or Financial Operations offices prior to submitting proposals.

- Every grant or award has a unique account number (called FOAPAL) to track activity specific to that award. These numbers are assigned by Financial Operations when award letters are received. Financial Operations (Jo Gingrich, Kristy Holmes and Jenna Kinsler) tracks activity in accounts and sends quarterly spreadsheets to Financial Managers for their information and review. As a Financial Manager, you have the ability to review real time expenditures via Banner Self-Service. Please contact Miriam McMechen to inquire about Self-Service training offerings and direct specific questions about finances on awards to Jo.

- If you have recommendations about information that would be useful for managing your grants (additional analysis, open sessions, Banner training, one-on-one assistance, etc.), please contact Financial Operations (Jo Gingrich, Kristy Holmes or Jenna Kinsler).
