GRANT OPPORTUNITIES

DIVISION I (See also “ALL COLLEGE” listings, as they may apply to your interests)

- Stanford Humanities Center - 2014-15 External Faculty Fellowship. For more information, visit http://shc.stanford.edu/fellowships/non-stanford-faculty/. Deadline: October 1, 2013

- Ucross Foundation - Residency Program. For more information, visit http://www.ucrossfoundation.org/residency-program/application/. Deadline: October 1, 2013 (for spring session)

- American Academy in Rome - Rome Prize. For more information, visit http://www.aarome.org/apply/rome-prize/procedure-requirements. Deadline: November 1, 2013

- The George A. and Eliza Gardner Howard Foundation - Fellowship. This opportunity targets support specifically to early mid-career individuals, those who have achieved recognition for at least one major project. Approximately ten fellowships will be awarded in April 2014 for 2014-2015 in the fields of History, Music, Musicology, Playwriting, and Theatre Studies. The Foundation is aware that leave patterns and individual career plans do not necessarily correspond to the cycle of awards for individuals, and fellowship recipients in a given year may accordingly postpone receipt of their fellowship funds, if that is more convenient for them. For more information, visit http://brown.edu/Divisions/Graduate_School/Howard_Foundation/. Deadline: November 1, 2013

- Rice University - Autrey Visiting Scholars External Faculty Fellowships. For more information, visit http://hrc.rice.edu/externalfaculty.aspx. Deadline: November 1, 2013

- University of East Anglia - Sainsbury Research Unit for the Arts of Africa, Oceania and the Americas Visiting Research Fellowships. For more information, visit http://www.sru.uea.ac.uk/fellowships-application.php. Deadline: November 29, 2013

- Virginia Foundation for the Humanities - Resident Fellows Program. For more information, visit http://virginiahumanities.org/fellowships/apply-for-a-fellowship/. Deadline: December 1, 2013

Earhart Foundation - Fellowship Research Grants. This opportunity is available for individual projects in economics, history, philosophy, international affairs, and political science. Applicants must be associated or affiliated with educational or research institutions and the effort supported should lead to the advancement of knowledge through teaching, lecturing, and publication. For more information, contact Ben Sweger. Deadline: Open (proposal should be submitted at least 4 months before beginning of project work period)

Schuylkill Center for Environmental Education - Artist-in-Residence. For more information, visit http://www.schuylkillcenter.org/departments/art/opportunities/artist_guidelines.html. Deadline: not provided

Division II (See also “All College” listings, as they may apply to your interests)

- **Alex C. Walker Foundation - Grants Program.** This foundation awards grants to: investigate the causes of economic imbalances, particularly in relation to ecosystem services, climate change, energy security, food production, and other environmental matters; investigate the effects of the global financial system and monetary policy in fostering a sustainable economy; investigate causes tending to destroy or impair the free-enterprise system; explore and develop market-based solutions; and, disseminate information on the results and findings. For more information, visit http://walker-foundation.org/grant-guidelines. Deadline: October 1, 2013

- **IBM Center for The Business of Government - Research Report Stipends.** The sponsor provides research stipends for individuals working in universities, nonprofit organizations, or journalism. Applications are reviewed in terms of the following criteria: Will the proposed report be of high value and timely to government executives and managers? Will the report provide practical insight and understanding of the topic? Does the applicant demonstrate the potential to produce a final report that will be clear, understandable and highly communicable to government executives and managers? Does the applicant demonstrate outstanding command and knowledge of the topic? $20,000 for each report may be awarded. The manuscript should be submitted no later than six months after the start of the project. Recipients will select the start and end dates. The report should be written for government executives and managers, providing them practical knowledge and insight. For more information, visit http://www.businessofgovernment.org/sites/default/files/2013%202014%20Research%20Announcement_0.pdf. Deadlines: October 1, 2013; April 1, 2014

- **Center for Advanced Study in Behavioral Sciences - Individual Residential Fellowship.** The Center offers a residential postdoctoral fellowship program for scientists and scholars from this country and abroad. CASBS fellowships have been awarded to scholars working in a diverse range of disciplines. Fields of Research include: Anthropology, Art, Biology, Classics, Communication, Comparative Literature, Computer Science, Economics, Education, Geography, History, Law, Linguistics, Medicine, Musicology, Neurobiology, Philosophy, Policy Studies, Political Science, Psychiatry, Psychology, Social Work, Sociology, and Statistics. In addition to scholars working in fields of the behavioral and social sciences, scholars in the natural sciences, the humanities, the arts, the professions, and public life are considered for fellowships when their work has human behavioral and social dimensions that may complement and broaden the work of their cohort. • National Science Foundation - Science, Engineering and Education for Sustainability Fellows (SEES Fellows). Through this program, NSF seeks to advance science, engineering, and education to inform the societal actions needed for environmental and economic sustainability and human well-being while creating the necessary workforce to address these challenges. The program’s emphasis is to facilitate investigations that cross traditional disciplinary boundaries and address issues of sustainability through a systems approach, building bridges between academic inquiry, economic growth, and societal needs. The Fellow’s proposed investigation must be interdisciplinary and allow him/her to obtain research experiences beyond his/her current core disciplinary expertise. Fellows are required to develop a research partnership(s) that will advance and broaden the impact/scope of the proposed research, and present a plan for their own professional development in the area of sustainability science and engineering. For more information, visit [http://www.nsf.gov/pubs/2013/nsf13595/nsf13595.htm?WT.mc_id=USNSF_25&WT.mc_ev=click](http://www.nsf.gov/pubs/2013/nsf13595/nsf13595.htm?WT.mc_id=USNSF_25&WT.mc_ev=click). • **Japan Society for the Promotion of Science - Postdoctoral Fellowship Program for Foreign Researchers.** The fellowship’s purpose is to provide opportunities for young postdoctoral researchers from other countries to conduct, under the guidance of their hosts, cooperative research with leading research groups in universities and other Japanese institutions. The program allows such researchers to advance their own research while contributing to the progress of research in Japan and the counterpart countries. For more information, visit [http://www.jsps.go.jp/english/e-fellow/fy2014/appli_long_2014.html](http://www.jsps.go.jp/english/e-fellow/fy2014/appli_long_2014.html). Deadline: May 9, 2014

• **Council for the International Exchange of Scholars - 2014-2015 Fulbright Scholar Program.** This program is offering teaching, research or combination teaching/research awards in over 125 countries for the 2013-2014 academic year (U.S. citizenship is required). There are awards in 45 specific academic disciplines as well as 167 awards open to all disciplines. Interested faculty and professionals are encouraged to participate in one of the weekly webinars. Each deals with a topic germane to the 2013-2014 competition, from regional and discipline information to how to fill out an application. For more information, visit [http://www.cies.org/Webinar/](http://www.cies.org/Webinar/). For other eligibility requirements and detailed award descriptions visit our website at [http://www.cies.org/us_scholars/us_awards/](http://www.cies.org/us_scholars/us_awards/) or contact scholars@iie.org. Deadline (for most awards): August 1, 2014
  o **If I already had a Fulbright, can I get another one?**
    • With the launch of the 2014-15 Core Fulbright Scholar Program competition, restrictions regarding previous Fulbright experiences have been lifted by the J. William Fulbright Foreign Scholarship Board. The board reiterated its strong preference for Fulbright Scholar opportunities to be given to candidates who have not previously received a Fulbright Scholar grant, as stipulated in section 624.2 of the Fulbright Program Policies.

• **National Science Foundation - Research Experiences for Undergraduates.** The REU Sites program is based on independent proposals to initiate and conduct projects that engage a number of students in research. REU Sites may be based in a single discipline or academic department, or on interdisciplinary or multi-department research opportunities with a coherent intellectual theme. Proposals with an international dimension are welcome. For more information, visit [http://www.nsf.gov/pubs/2012/nsf12569/nsf12569.htm#toc](http://www.nsf.gov/pubs/2012/nsf12569/nsf12569.htm#toc). Deadline: August 27, 2014

• **National Science Foundation - Research Coordination Networks (RCN).** The goal of the RCN program is to advance a field or create new directions in research or education by supporting groups of investigators to communicate and coordinate their research, training and educational activities across disciplinary, organizational, geographic and international boundaries. For more information, visit [http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=11691](http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=11691). Deadline: General (non-targeted) RCN proposals should be submitted to a participating program. Refer to the specific program website for submission dates. PIs are encouraged to discuss suitability of an RCN topic with the program.

FACULTY DEVELOPMENT OPPORTUNITIES – Workshops, Conferences

- **American Association of University Women (AAUW)**
  - AAUW is currently recruiting faculty to serve on applicant review and selection panels for the following programs:
    - American Fellowships
    - International Fellowships
    - Selected Professions Fellowships
    - Research & Projects Community Action Grants
    - Research & Projects Career Development Grants

- **Council for the International Exchange of Scholars (CIES)**
  - CIES hosts [webinars](http://www.cies.org/Webinar/) on various days. To view a listing of upcoming webinar topics, visit [http://www.cies.org/Webinar/](http://www.cies.org/Webinar/).
  - **Ten Things You May Not Know About Fulbright**
    - Each year, the Fulbright Scholar Program looks for a wide range of applicants to represent American scholarship and professionalism abroad. Visit [http://www.cies.org/download/10_things.pdf](http://www.cies.org/download/10_things.pdf) to view 10 reasons to consider applying for a Fulbright grant.
  - **If I already had a Fulbright, can I get another one?**
    - With the launch of the 2014-15 Core Fulbright Scholar Program competition, restrictions regarding previous Fulbright experiences have been lifted by the J. William Fulbright Foreign Scholarship Board. The board reiterated its strong preference for Fulbright Scholar opportunities to be given to candidates who have not previously received a Fulbright Scholar grant, as stipulated in section 624.2 of the Fulbright Program Policies.

- **Council on Undergraduate Research (CUR)**
  - **CUR Registry of Undergraduate Researchers:**
    - The purpose of this registry is to facilitate matchmaking between undergraduates who have research experience and a desire to pursue an advanced degree, with graduate schools seeking high quality students who are well prepared for research. The Registry is open to students and graduate schools in the fields of Chemistry, Biochemistry, Biology, Physics/Astronomy, Mathematics/Computer Science, Economics, Geosciences, Engineering, Psychology, Sociology, Humanities and Anthropology/Archaeology. Any undergraduate may go to [www.cur.org/ugreg](http://www.cur.org/ugreg/) to fill out a simple curriculum vitae form. There is no charge to the student and records will be made available to bona fide Graduate Schools that contract with CUR for this service. Organizations or companies seeking the students’ information for other marketing purposes will not be granted access. Graduate School representatives may contact students to invite applications or visits to the campus and laboratory, or to share information about their research programs and financial support opportunities.
  - **CUR List-serv:**
    - In an effort to enhance communication between the divisions of CUR a number of divisions have established listservs. To subscribe to these listservs, please visit [http://www.cur.org/cursubscribe.html](http://www.cur.org/cursubscribe.html). In the future, periodic updates will be posted on these listservs and we hope that it will function as a two-way communication conduit between the Council and the broader CUR membership.

GRANT NEWS & UPDATES

- FEATURED GRANT PROGRAM: NATIONAL SCIENCE FOUNDATION - MAJOR RESEARCH INSTRUMENTATION PROGRAM
  - National Science Foundation - Major Research Instrumentation Program: Instrument Acquisition or Development. This program serves to increase access to shared scientific and engineering instruments for research and research training. This program especially seeks to improve the quality and expand the scope of research and research training in science and engineering, by supporting proposals for shared instrumentation that fosters the integration of research and education in research-intensive learning environments. Each MRI proposal may request support for the acquisition (Track 1) or development (Track 2) of a single research instrument for shared inter- and/or intra-organizational use; development efforts that leverage the strengths of private sector partners to build instrument development capacity at MRI submission-eligible organizations are encouraged. For more information, visit http://www.nsf.gov/pubs/2013/nsf13517/nsf13517.htm. Deadline: January 23, 2014

- National Science Foundation Updates
  - The NSF has transferred all project reporting from FastLane to Research.gov. For more information, visit http://www.research.gov/research-portal/appmanager/base/desktop?_nfpb=true&_pageLabel=research_node_display&_nodePath=/researchGov/Service/Desktop/PublicOutcomesReport.html
  - Recent correspondence from the NSF re: Improvements coming to Research.gov
    “Since the October 2012 pilot start date, over 31,000 annual, final, interim and project outcomes reports have been submitted successfully. Since launching the service to all awardees, we received feedback to help us prioritize fixes and enhancements. This August, improvements are coming to Research.gov that will advance project report submission, including:

    **Easily Check Report Completeness**: Research.gov will soon permit you to click a “check report completeness” link to easily determine the section(s) of a project report that are incomplete.

    **Accurate Character Counter**: Character count will only include visible characters.

    **Unlimited Products & Participants**: Enter an unlimited number of products and/or participants to project reports. Currently, Research.gov prevents you from entering more than 127 products and/or participants.

    **Pre-Populated PI/co-PI Role**: You are currently not permitted to delete a participant if you inadvertently label them as a PI or a co-PI. Research.gov currently pre-populates the report with the PI and co-PIs based on the information from the award. With the upcoming improvements, the system will no longer allow you to add new participants with the PI or co-PI role. This change will eliminate errors from occurring.

    **Updated Publication Information**: Currently, Research.gov requires you to enter a publication day, month, and year on all publications, regardless of their status. The system will change so that:

      * Publications listed as “published” will require the *year* only.
      * Publications listed as “under review, awaiting publication, submitted, accepted, or other” will not require a date.
      * Finally, Research.gov will no longer require you to enter *volume* or *page number*.

In addition to these enhancements, NSF is currently conducting a usability assessment in order to enhance Research.gov navigability in order to improve user experience.
**Annual Report vs. Final Report:** Also, we realize there has been some confusion over the content requirements of final reports. Please remember that final reports are not cumulative; rather, they are considered the last annual report of the project, and should be written specifically for the most recently completed budget period.

We appreciate all feedback, from both awardees and NSF staff, so we can continuously improve Research.gov. All feedback is reviewed and the following actions are taken:

- Enhancement requests are documented and considered for future releases.
- The Research.gov Help Desk assists PIs with any technical issues that may prevent them from completing project reports.

Thank you again for your involvement throughout the transition of project reporting to Research.gov. We look forward to continuing to serve the research community in the future.

**Review Elements of Proposals Submitted to the National Science Foundation**

- “The following elements should be considered in the review for both criteria [Intellectual Merit and Broader Impacts]:
  1. What is the potential for the proposed activity to:
     - advance knowledge and understanding within its own field or across different fields (Intellectual Merit); and
     - benefit society or advance desired societal outcomes (Broader Impacts)?

  2. To what extent do the proposed activities suggest and explore creative, original, or potentially transformative concepts?

  3. Is the plan for carrying out the proposed activities well-reasoned, well-organized, and based on a sound rationale? Does the plan incorporate a mechanism to assess success?

  4. How well qualified is the individual, team, or institution to conduct the proposed activities?

  5. Are there adequate resources available to the PI (either at the home institution or through collaborations) to carry out the proposed activities?”

### IMPORTANT INFORMATION FROM FINANCIAL OPERATIONS

- **Ensuring that all awards and grants are duly recognized by the College and properly reflected in the financial records is important.** All award funds should go directly to the College Advancement Office so that we can process them in Banner. The Gift Recorder (Joan Miller) enters the funds in Banner so that they are recorded in College Advancement's records and in the financial records in accounts restricted for that award. The College Advancement and Financial Operations offices work together closely to make sure this process captures all College awards. **If you receive an award, please make sure to contact one of these offices.**

- **Cost Share Guidelines:** If a proposal requires cost sharing, the commitment of institutional resources must be noted on the External Grant Notification/Clearance Form that is circulated among the senior officers of the College for approval. If the College receives the award that includes cost sharing in the approved budget, the College is obligated to record these costs in the financial records and these cost share expenses are subject to audit. Please be sure to discuss cost sharing with the Corporate, Foundation and Government Support and/or Financial Operations offices prior to submitting proposals.

- Every grant or award has a unique account number (called FOAPAL) to track activity specific to that award. These numbers are assigned by Financial Operations when award letters are received. Financial Operations (Jo Gingrich, Kristy Holmes and Jenna Kinsler) tracks activity in accounts and sends quarterly spreadsheets to Financial Managers for their information and review. As a Financial Manager, you have the ability to review real time expenditures via Banner Self-Service. Please contact Miriam McMechen to inquire about Self-Service training offerings and direct specific questions about finances on awards to Jo.

- If you have recommendations about information that would be useful for managing your grants (additional analysis, open sessions, Banner training, one-on-one assistance, etc.), please contact Financial Operations (Jo Gingrich, Kristy Holmes or Jenna Kinsler).
