GRANT NEWS & UPDATES

• National Endowment for the Humanities (NEH) Update

  o Visit http://www.neh.gov/grants/manage for information about the policies that govern your NEH grant and the forms for complying with Federal reporting requirements.

• Research.gov Update: Demo Site
  o A letter from The Research.gov Team:

Colleagues,

We are pleased to announce the launch of the Research.gov Demo Site in order to further improve the project reporting process. The Research.gov Demo Site provides National Science Foundation (NSF) awardees (specifically PIs, co-PIs and Sponsored Project Office staff) the opportunity to explore and familiarize themselves with preparing, submitting, and reviewing NSF project reports without actually submitting a real report.

Since the transition of project reporting from FastLane to Research.gov, the Research.gov Team has been working diligently with NSF Staff and Awardees to identify and implement solutions to the challenges faced by the research
community when submitting project reports. As part of this effort, the Team heard how helpful awardees find the FastLane Demo Site and has prioritized and developed a Research.gov Demo Site. The Demo Site will help reduce user confusion around submitting a project report by providing a platform for practicing how to use the tool. Additionally, the Research.gov Team is developing an instructional video tutorial on submitting project reports to assist NSF awardees.

While NSF awardees can practice preparing, submitting and reviewing NSF project reports on the Demo Site, not all functionality available in Research.gov is available in the Demo site, including:

- Project Outcomes Reports and previously submitted reports will not be accessible
- Submission confirmation emails will not get sent
- The search performed against Thompson Web of Science will only produce sample results
- The Check Report Completeness link will produce a sample list of missing information (will not display missing fields from the demo report).
- Updates you make to the example reports will be saved but can be overwritten by other user sessions, and the example reports are reset nightly

Where should PIs go for help with project reports?

- Online Help
- Project Report Informational Page
- NSF Help Desk

Thank you again for your feedback as we continue to improve Research.gov. We look forward to continuing to serve the research community in the future.

Sincerely,

The Research.gov Team

- **National Science Foundation Updates:**
  - Read the National Science Foundation’s recent [Dear Colleague Letter: Stimulating Research Related to the Science of Broadening Participation](#)
  - A letter from Jean Feldman, Head of NSF Policy Office: re: New PAPPG (NSF 14-1)

Dear Colleagues,

A new version of the NSF [Proposal & Award Policies & Procedures Guide (PAPPG), (NSF 14-1)](http://www.nsf.gov/pa/bao/papguide.jsp) has been issued. The PAPPG is comprised of documents relating to the Foundation's proposal and award process and consists of the:

(a) **Grant Proposal Guide** (GPG) for guidance on the preparation and submission of proposals to NSF; and

(b) **Award & Administration Guide** (AAG) to guide, manage, and monitor the award and administration of grants and cooperative agreements made by the Foundation.

This new version of the PAPPG will be effective for proposals submitted, or due, on or after February 24, 2014. Significant changes include:

- Addition to the certification regarding Conflict of Interest regarding the appropriate disclosure process;
- Reiteration that indirect costs are not allowed on participant support costs;
- Small-scale pilot of a new environmental impacts process with a few programs, prior to NSF-wide implementation;
- Updated process for program income reporting; and
- Numerous clarifications throughout the document.

A by-chapter summary of the changes is provided at the beginning of both the **Grant Proposal Guide** and the **Award & Administration Guide** to assist with identifying the changes.
While this version of the PAPPG becomes effective on February 24, 2014, in the interim, the guidelines contained in the current PAPPG (NSF 13-1) continue to apply. We will ensure that the current version of the PAPPG remains on the NSF website, with a notation to proposers that specifies when the new PAPPG (including a link to the new Guide) will become effective.

Please direct any questions to the Policy Office in the Division of Institution & Award Support at policy@nsf.gov, or (703) 292-8243.

**IMPORTANT INFORMATION FROM FINANCIAL OPERATIONS**

- Ensuring that all awards and grants are duly recognized by the College and properly reflected in the financial records is important. All award funds should go directly to the College Advancement Office so that we can process them in Banner. The Gift Recorder (Joan Miller) enters the funds in Banner so that they are recorded in College Advancement’s records and in the financial records in accounts restricted for that award. The College Advancement and Financial Operations offices work together closely to make sure this process captures all College awards. **If you receive an award, please make sure to contact one of these offices.**

- **Cost Share Guidelines:** If a proposal requires cost sharing, the commitment of institutional resources must be noted on the External Grant Notification/Clearance Form that is circulated among the senior officers of the College for approval. If the College receives the award that includes cost sharing in the approved budget, the College is obligated to record these costs in the financial records and these cost share expenses are subject to audit. Please be sure to discuss cost sharing with the Corporate, Foundation and Government Support and/or Financial Operations offices prior to submitting proposals.

- Every grant or award has a unique account number (called FOAPAL) to track activity specific to that award. These numbers are assigned by Financial Operations when award letters are received. Financial Operations (Jo Gingrich, Kristy Holmes and Tricia Contino) tracks activity in accounts and sends quarterly spreadsheets to Financial Managers for their information and review. As a Financial Manager, you have the ability to review real time expenditures via Banner Self-Service. Please contact Miriam McMechen to inquire about Self-Service training offerings and direct specific questions about finances on awards to Jo.

- If you have recommendations about information that would be useful for managing your grants (additional analysis, open sessions, Banner training, one-on-one assistance, etc.), please contact Financial Operations (Jo Gingrich, Kristy Holmes or Tricia Contino).
